Mediterranean Ace

Maj. Herschel Green of Mayfield, Ky., pictured above, is the leading flying ace in the Mediterranean theater of action. He completed a baker's dozen of enemy ships shot down when he felled his 13th Nazi plane on April 8. His record bag includes six enemy planes knocked out January 30. (International).

Washington Roundup

(International News Service)
There is plenty of action on Capitol Hill in Washington today.

Rep. Andresen (R) Minn., in a speech prepared for house delivery, predicts the OPA will remove virtually all remaining items from the rationing program between now and election day. Andresen inferentially accuses the New Deal of using the rationing program as a wedge to secure a fourth term for President Roosevelt. If the president is re-elected, Andresen says, OPA will reinstate and make more drastic all rationing policies to "further regiment and socialize" the nation's economy.

The house itself is scheduled to act on the new tax simplification bill and the Montgomery Ward case. Leaders in the lower branch, predicting near-unanimous passage for the legislation, plans to demand a roll-call vote on the tax bill which frees 30 million persons from computing income taxes. The Dewey resolution calling for a probe of the government's seizure of Montgomery Ward is also slated for almost certain passage today.

Elsewhere in the capital, an unhappy family quarrel appears to be developing between the American and British governments over the troublesome question of Spain. British officials are irritated over this government's statement that it accepted a compromise agreement with Spain regarding shipments of wolfrum to Germany because of British insistence.

From OPA and War Food Administration officials comes a warning that livestock producers will have to send a steady flow of animals to markets during the summer months to prevent a collapse of prices next fall.

The war department announces that commanders in all but the central Pacific and European theaters will be authorized to give key personnel non-emergency leaves home.

PA NEWC Observes

One week from next Sunday will be Mother's Day. The wartime observance will be more memorable than ever before, it is indicated, as many families are separated by thousands of miles.

Thursday afternoon's heavy rainstorm gave a life to the city street cleaning department. Many of the paved streets were nicely washed off by the heavy rainfall.

State highway department workmen have completed the job of giving the cartway on the public square its spring facial. Considerable quantities of resurfacing were laid in the square.

An unusual catch is reported by Phil Morris, veteran angler, in the Country club lake at Grove City. It was a 16-inch speckled brook trout. No such species has been caught for a number of years, although a few trout were placed in the lake about a decade ago.

Memories of other days are recalled today with the announcement from East Liverpool that Rock Springs Park at Chester, W. Va., well known amusement park of that district for half a century, will not open for the coming season due to wartime conditions. Rock Springs, years ago, used to attract large picnic crowds from New Castle during the summer season, special trains (Continued On Page Two)

Voice Of Hitler Missing In New German Boasts

Strange Absence Of Hitler's Voice May Mean He Is Not Directing War

PRUSSIAN MAY NOW BE AT HELM

By J. C. OESTREICHER
(U. S. Staff Correspondent)

The Nazi propaganda machine beat loud and long on Germany's readiness and ability to repel Allied invasion today, but one voice was still strangely missing in the clamor of "secret weapons" and so-called "impregnable defenses."

Field Marshal Erwin Rommel, named field commander of the German armies massed to repel the long-awaited thrusts, completed a tour of coastal defenses and, according to the Berlin radio, made public his own conviction that everything is well in order.

Boasts And Claims
Only yesterday, Propaganda Minister Paul Joseph Goebbels let loose with a whirlwind of boasts and claims, with his usual emphasis on the "unknown factors" behind the German armor lines and pointed warnings that Allied troops face a host of surprises when they set foot on European soil.

But absent from this typical Nazi fanfare was the voice of Adolf Hitler, the man who started the war whose overthrow and extinction the Allied invasion is being mounted.

Legislature Ends Special Session

Governor Expresses Appreciation Of Unusual Work Of State Legislators

By JOHN PAGET
(U. S. Staff Correspondent)

HARRISBURG, May 5.—The General Assembly completed action today on new voting legislation for members of the armed forces and prepared to adjourn sine die after a five-day special session.

Gov. Edward Martin praised the legislators for their harmonious, non-partisan and speedy action in passing legislation designed to enable service men and women to vote this fall by absentee ballot.

He asked permission, which was speedily granted, to sign the seven-point program in the presence of the House and Senate, taking this unprecedented action, he said, to show his appreciation for their efficient and businesslike session, the shortest since 1936.

The Senate acted with unusual alacrity today, swiftly passing the entire bi-partisan, House-approved program and forwarding it to the lower chamber for concurrence in a few minor amendments. Both houses convened at 10:30 a. m. for their final deliberations.

Piqua To Honor Captain Gentile

PIQUA, O., May 5.—(INS)—Piqua, home-town of Don S. Gentile, 23-year-old Mustang pilot, credited with the destruction of 30 Nazi aircraft, today made ready for the biggest celebration in his history—a welcome for its returning hero.

Patsy Gentile, Don's father, and Frank J. Cipriano of Columbus, an uncle, were in New York to meet the famed flyer, whose departure from England on a month's leave was announced yesterday in London.

No date has been set for his arrival, but Piqua can wait.

Report Rains Have Started In Burma

By MAJOR PAUL C. RABORG
(Written Especially For U. S.)

NEW YORK, May 5.—The latest news from Burma states that the rains have commenced in that country. According to all past standards, heavy fighting in that portion of the East Asia combat zone will stop in a few short weeks. The wet season downpours in a hot, tropical jungle country has always been such that the ground movement of large bodies of troops was impossible.

Prior to the recent fighting in the Imphal-Kohima area of India, the Allied objective in the north was to build the new Ledo road from Ledo in India to join with the old Burma road supply route to China. All of the fighting in the north by General Stilwell and his Chinese-American troops was to clear the Japanese out of the way of that road, holding them back so that Allied engineers and construction (Continued On Page Two)

Nazis Allege Trial Landing Made By Allies

By CHARLES A. SMITH
(U. S. Staff Correspondent)

LONDON, May 5.—A trial invasion landing by allied forces in western Europe was reported by the Nazis today coincident with a pointed Soviet warning of an impending assault against the Reich from the east and west.

The Nazi-controlled Vichy radio was the source of the reported allied landing, according to the London Daily Sketch. In turn, radio Vichy said its information came "by way of Stockholm."

The Anglo-American general staff according to the enemy account, was not excluded. The Nazi report tried to force the German western defenses and take preliminary measures for an offensive by carrying out a "demonstrative landing."

The attempt Vichy continued did not achieve expected results and the British and Americans already have re-embarked. The Nazi report did not attempt to explain where the purported operation took place. Absolutely no hint of any such operation has been given by allied quarters. The probability that such trial thrusts may be forthcoming (Continued On Page Two)

Allied Troops Will March To Berlin

Declares Allied Forces Will March Through Famous Berlin Thoroughfares

LONDON, May 5.—(INS)—Allied troops will definitely march through Unter Den Linden, the Wilhelmstrasse and other famous Berlin thoroughfares, prime ministers of the British empire reportedly decided today.

The London Daily Mail's political correspondent, commenting upon the current dominion premiers' conference, said the commonwealth leaders made clear that "there will be no repetition of the great mistake made in the first world war."

"The allied troops will march to Berlin and will occupy the German capital," he said.

All plans for invasion of the continent were reviewed by the prime ministers, who then took up allied schemes for rehabilitation of Europe.

Mississippi May Go Higher Today

ST. LOUIS, May 5.—(INS)—A new rise was forecast today in the Mississippi river due to recent heavy rains and U. S. engineers made plans to dynamite a section of a levee near Gale, Ill. This will permit backed-up flood waters to drain into the river.

In this section 51,000 acres were inundated following the break in the Preston levee Tuesday night. Water was lying upon the land side of the levees at a level higher than on the river side, the engineers said. The levee will be dynamited at a time when the flood waters returning to the river will not threaten levees to the south.

LONDON, May 5.—(INS)—The German DNB agency reported today that American bombers were sighted over Romania during the afternoon.

Trapped Japs Are Giving Up

Report Enemy Troops In New Guinea Are Surrendering To Yanks

SURPRISE MOVES SPEED CAPTURES

By GEORGE LAIT
(U. S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HEADQUARTERS, New Guinea, May 5.—Japanese troops trapped by two more surprise American landings on the north coast of Dutch New Guinea were rounded up in droves today by United States forces speeding mopping up operations in the Hollandia area.

The additional landings cut escape routes over which the Japs sought to flee American forces already in the coastal section.

The Yank infantrymen went ashore in the Hollandia area where larger number of United States troops effected landings on April 22 which resulted in the capture of three strategic airstrips.

The landings were carried out at Toranje Bay, 12 miles northwest of Hollandia, and at Demta, 16 miles northwest of Tanahmerah Bay.

Scattered bands of trapped Japs were reported to be giving themselves up to American patrols without a fight.

The forces which went ashore at Demta, coastal termination of the overland escape route from the Hollandia area, was carried out without opposition, an official communique said.

Headquarters said that Japs, trapped by the hundreds when they fled into the jungles after the original American landings, were surrendering in group of 20 and 30 to U. S. patrols coming the jungle area.

An indication that the Japs are planning stiffer resistance to the American forces which landed on Dutch New Guinea soil was found by reconnaissance planes which discovered that the enemy is reinforcing air bases in the Schouten Islands. Reinforcements of Jap naval planes were observed in the islands at the northern extremity of Geelvink Bay, west of Hollandia.

Artillery Fire Is Stepped Up

Allies Increase Heavy Gun Attacks On Germans On Italian Front

By JAMES L. KILGALLEN
(U. S. Staff Correspondent)

NAPLES, May 5.—Allied artillery on the central sector of the main front in Italy today stepped up assaults against German positions.

Artillery batteries and mortars engaged the Germans both north-east of Terelle and south of San Biagio.

In the Cassino area Allied artillery fired on Nazi motor transports caught moving along the front. German Nebelfuehrer, multiple mortar batteries, returned the fire.

Both Allied and German patrols engaged in aggressive sorties on the beachhead battlefront south of Rome. Fifth Army forces successfully drove off all Nazi thrusts after brief skirmishes.

The Germans continued to use remote controlled self-exploding miniature tanks on the beachhead, but without success. One blew up when it contacted wire entanglements. Mitchell bombers and fighter-bombers maintained assaults against railway bridges, transport columns and supply dumps throughout central Italy. Medium bombers, aided by Mustangs and Spitfires, attacked rail targets from Terni to Sulmona, causing many breaks in the tracks and damaging several bridges on lines supplying Nazi troops on the central front.

British Subs Are Ready Attack

LONDON, May 5.—(INS)—British submarines are assembling in far eastern waters for a smashing blow at vulnerable sea communications of the Japanese armies, the London Evening Standard said today.

Today, in a British port, more submarines are being refitted for the 7,000-mile voyage to the Far East, the newspaper said.

INVASION CHIEFS SCAN THE SKIES

Eisenhower, Allied supreme commander in the European theater, a group of invasion chiefs scan the skies dotted with Allied bombers headed continent-ward to do some pre-D-Day softening up of Axis defenses. With him are, top left, Maj. Gen. L. H. Breerton, commander Ninth U. S. Air Force; top right, Maj. Gen. Sir Arthur Coningham, commander Second Tactical Air Force; center left, Group Capt. C. R. Soviet Bombers In New Attacks Upon Sevastopol

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, May 5.—Soviet long-range bombers, including powerful cannon-carrying Stovomovik divers, lashed furiously to the besieged German garrison at Sevastopol in what appeared today to be an intense softening-up assault prior to a renewed land offensive against that Crimean port.

The German radio already has declared that the Red Army resumed its drive against the vital naval base, claiming that the initial Russian thrusts were repulsed.

Two of the blasts were described as "of great strength" possibly resulting from direct hits in huge stores of Nazi munitions.

"Heavy losses were inflicted on the enemy's manpower," said the official communique. "North of the town many artillery batteries were silenced."

The Soviet air force began increasing the weight of its assaults against Sevastopol Wednesday night when "large" forces of its bombers concentrated on German and Romanian troop concentrations, artillery emplacements and military supply depots in the blockaded port.

At least 10 fires were started in the area of the military dumps and railway station alone, and returning aircraft reported "numerous" explosions were touched off by the Russian bombs.

Escaped Prisoners Just Seeing Sights

LITTLE ROCK, Ark., May 5.—(INS)—Two escaped German prisoners of war were back in the Camp Robinson stockade today, apparently little concerned because of their recapture. They had a perfectly logical explanation, too, of how they happened to leave their work detail and wander away.

"We wanted to see the pretty girls," they said. "We were just taking a stroll."

Tokyo Reports Commander Of Fleet Is Killed

(International News Service)
Tokyo announced today that the commander-in-chief of the Japanese combined fleet, Admiral Mineichi Koga, 58, had been killed in action while directing operations at the front from an airplane.

A further depletion in the ranks of the Nipponese high command was revealed in a subsequent announcement of the deaths of two major generals from illnesses contracted "while on active duty." Maj. Gen. Kumao Oohashi, described as "chief of staff of a front line army corps" and as "head of an army unit in China," died April 14. Maj. Gen. Yoshitada Shimokawa, commander of a "front unit," was said to have died April 19.

Koga was the successor of the late Admiral Isoroku Yamamoto, the boastful fleet commander who once promised the Nipponese that he would dictate the peace in the White House in Washington.

Announcement of the death was contained in an official communique issued by imperial headquarters and broadcast by the Japanese Domei agency. U. S. Government monitors recorded the broadcast.

Hit Northern France
U. S. Ninth Air Force Thunderbolt fighter-bombers attacked rail yards at Valenciennes and Somain in northern France. These craft were supported and covered by Thunderbolt fighters.

All these planes returned to base, the pilots reporting that the Somain freight yards were packed with cars among which great destruction was wrought.

British Mitchells and Beaufighters, escorted by Spitfires, hammered the railroads at Cambrai, France.

Observers in English coastal areas said wave upon wave of Allied bombers and fighters, including American heavy bombers, swept out repeatedly for strikes against the continent beginning at daybreak.

Attack Western Germany
Speedy, block-buster carrying British Mosquitos attacked unidentified targets in western Germany, the air ministry said, while other craft of the bomber command laid mines in enemy waters. All of the British craft returned from the night operations.

Takes 35,000 Men To Keep 500 U. S. Bombers In Air

BOSTON, Mass., May 5.—(INS)—When a fleet of 500 American bombers attacks a German target, 35,000 trained officers and men are required in the air and on the ground, Brig. Gen. John M. Clark, commanding general of the Middle-town air service command, asserted today.

The 500 bombers require 80 tank cars of gasoline and 7500 tons of material to complete their mission, he added.

BATTLES IN BOSNIA
LONDON, May 5.—(INS)—Powerfully-reinforced German occupational forces in Eastern Bosnia and Macedonia were locked in "violent" battle today with Yugoslav partisans who inflicted "heavy" losses upon the attacking enemy troops.

Marshal Josip "Tito" Broz, in his headquarters communique, said the Germans were "continually bringing up reinforcements" on the Bosnian battle sector.

Violent fighting also progressed in Serbia, where the partisans captured Kresovo, and in Croatia and Slovenia where the patriots also achieve successes.

Pre-Invasion Aerial Attack Shows No Halt

Night And Day Heavy Bombing Attacks On Europe Continue

FREIGHT YARDS SPECIAL TARGETS

By JOHN E. LEE
(U. S. Staff Correspondent)

LONDON, May 5.—American and British heavy and medium bombers, extending the non-stop pre-invasion aerial offensive into the 19th consecutive day, followed up two-way Allied night assaults against Germany and Budapest, Hungary, with multiple assaults against railway and military installations in France today.

United States Liberators and Mustang fighters, estimated at 500 strong, blasted the Pas de Calais region of the French invasion coast.

A second small force of Eighth Air Force Liberators, escorted by Mustangs, hammered military targets in northern France. No Nazi opposition was encountered and all of the American craft returned to base.

Near Unanimous Vote Is Expected On New Tax Bill

Measure Simplifying Income Tax
Returns To Come To House
Vote Today

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, May 5.—House leaders, predicting near-unanimous passage for the legislation, planned to demand a roll call vote today on the bill to emancipate 30,000,000 Americans from the drudgery of computing income taxes.

"There won't be 10 votes against the bill," said Rep. Knutson (R., Minn.), ranking minority member of the House ways and means committee which unanimously reported the new tax simplification measure.

His prediction was supported by at least one House member who, despite his own sharp criticism of the simplification plan, admitted he would not oppose it on a roll call vote.

Rep. Doughton (D.) N. C., 80-year-old chairman of the tax-writing committee, was expected to ask for the record vote.

The legislation will give 30,000,000 taxpayers with incomes up to \$5,000 and not more than \$100 income from non-withholding sources complete escape from the old "long form" tax return.

Held In Slaying, Forgiven By Wife

PITTSBURGH, May 5.—(INS)—Henry Gerhart, Pittsburgh truck operator who killed the "other woman" after living with her for nine years today was reunited with his wife, Mrs. Olga Gerhart, of 6899 Western Rd., Akron, O.

The Gerharts were reconciled at the inquest where a jury recommended that the 210-pound man be held for grand jury action on a murder charge in connection with the fatal beating of Josephine Reed, 38. Gerhart admitted the crime, police said.

Mrs. Gerhart, who had not seen her husband for two years, embraced him in the courtroom today.

REPORT RAINS HAVE STARTED IN BURMA

(Continued From Page One)

gangs could push their work forward without interruption. Construction of that road continued apparently without serious interruption through the last monsoon season.

Seek Ground Route
At present the only Allied routes of supply to the gallant Chinese forces are by air over the giant Himalaya mountains. The present successful Japanese in Hunan Province of China is an example of how vital China needs material help.

The new Leda road is an effort to establish a ground route into China. The Japanese objective in Northern Burma is to stop construction of the Leda road. When their efforts against General Stilwell's troops failed, they invaded India, striking at the railroad to the west of Imphal and Kohima because it took the supplies to Leda which kept General Stilwell and his road builders in operation. That Japanese effort has likewise been unsuccessful.

There has been much public misunderstanding as to the objective of the Allied fighting in the south in the Arakan area, or in the vicinity of Akyab.

Where the Burma and India borders meet on the Bay of Bengal there is a narrow corridor by the sea to the west and south of the mountain.

When the troops of Lord Louis Mountbatten attacked through that corridor towards Akyab and also eastward and to the north, most persons believed it was the commencement of a major offensive. It was not. It had the double purpose of occupying the corridor and keeping the Japanese from attempting to enter India by way of the corridor.

In this objective the Indian troops were successful. The assaults made toward Akyab were diversionary in character. To attack that Japanese sub-base will require major forces, part of which will undoubtedly be amphibious.

IN MEMORIAM
Gone but not forgotten. In loving memory of our dear wife and mother, Bertha A. Price, who passed away one year ago today, May 5, 1943.

ALLIED BOMBERS BLAST MANDALAY RAILROAD YARDS

(Continued From Page One)

erating "in strength". Also targeted were the main railroad yards at Maymo and road bridges at Nataygon and Hpaungzeik.

Consolidate Gains
Maymo is situated some 28 miles northwest of Mandalay, standing athwart the main Mandalay-Lashio railroad.

Far to the northwest, Allied jungle troops consolidated newly-won strongpoints in the Kohima-Imphal sections of the Indian State of Manipur. Warned by adverse weather conditions, the British Imperial Forces hastened their efforts to tighten their grip on the two bases before the monsoon season halts all military operations.

Deterioration of the weather situation slowed operations near Kohima, but the Allies repelled Japanese thrusts both north and south of this base. For the most part, the situation around Imphal was unchanged, and frontline observers said the southernmost of the two Allied bastions bristled with guns, tanks and "men armed to the teeth".

With the monsoon rains expected to begin next week, the Allies are determined to hold Imphal for in that base the possessing force will have a weapon which can be turned towards Burma or India. The rains will cause anywhere between 50 and 70 inches precipitation throughout the Burma front during the next six months.

Making Progress
Kandy, Ceylon, May 5.—(INS)—British and Indian troops, slashing into Japanese positions before the big supply base at Kohima, pushed their way forward today despite adverse weather conditions, supported by fresh aerial blows which wreaked new havoc on the enemy's transportation network.

Admiral Lord Louis Mountbatten, supreme allied commander, announced tersely that the allied drive is "making satisfactory progress" against "all points" in the Kohima section of eastern India.

Mediterranean Air Force in Italy. It was the second successive night smash against communications in the Nazi-dominated Balkans. Only 24 hours before, Liberators, Halifaxes and Wellingtons hammered rail installations at Bucharest in the first night assault against the Roumanian capital.

Halifaxes and Wellingtons dropped a heavy load of bombs, including 4,000-pound missiles, on the Rakos railyards in Budapest, causing at least two violent explosions and starting several fires.

Hit Supply Route
The main east-west rail line through the Balkans to Vienna passes through Budapest. Along the route supplies have been moving to the Germans fighting the Russians in northeast Romania.

Daylight raiders set out from Britain to maintain the record cycle of bombardments at daybreak. The bomber squadrons crossed the English coast over Folkestone and headed for the French coast, the majority in the direction of Boulogne.

Daylight operations yesterday, following British night assaults on German army bases and depots in France, were maintained through the evening hours.

U. S. Planes Hit Holland
The biggest American operation of the day involved a strike by U. S. Eighth Air Force Fortress bombers against a German airfield in the occupied Netherlands. The fighter escort which accompanied the Forts shot down nine Nazi planes. The Allied fighters were lost but all of the big bombers returned.

The daring British night strike at Mailly, southeast of Reims, France, where the Germans had concentrated tanks and other mobile units, brought strong opposition from Nazi night fighters. It was the greatest night blow landed against German forces massing behind the Nazi Atlantic wall and caused the enemy high command to send up more night fighters than had been seen in some time.

VOICE OF HITLER MISSING IN NEW GERMAN BOASTS

(Continued From Page One)

itself for the assault lent credence to a growing conviction that military leadership of Nazi Germany finally has been taken out of Hitler's hands and that the tactics pursued in attempting to meet the Allied thrust will be dictated not by party politicians but by old-line Prussian officers.

Hitler for months past apparently has been hiding out in his Berchtesgaden villa overlooking the Bavarian Alps. There is no sign that he has been in consultation with his general staff. Even the late Kaiser Wilhelm, up to the moment he fled to Holland, maintained closest liaison with his command and took pains to show himself to his troops at every opportunity.

May Have Warned Hitler
It is extremely probable that the German staff college, which always has run Germany regardless of emperors and Nazis, has served warning upon Hitler that this greatest crisis in the war-studded history of the Reich must be handled by soldiers—and without interference from party bosses.

It is equally likely this step may have been taken as the result of tacit or even spoken pressure from the German people. Regimented brownbeards, blackmailed, humiliated and even tortured into single-minded worship of the Swastika, the Germans nevertheless cannot help but realize that Hitler was a total failure in Russia and Marshal Herman Wilhelm Goering an equivalent tiasco against Allied air attack.

New Propaganda
So it is logical to assume that the propaganda inside Germany—as disassociated from the stream of falsifications poured to the outside world—may now be taking the form of a pledge to the German people that their destiny is in safe hands, the hands of the Prussian Officer Corps.

Except for Rommel, who is still something of a hero to the Germans and therefore entirely acceptable, all of the generals now prominently mentioned are of the old-line caste, the thin-lipped, unsmiling men in bootjacks and spurs who since the time of the first Hohenzollern emperor have personified German military glory.

Hitler's present role of the inconspicuous bystander seems to be shared by the hand-picked officers he raised from obscurity to great power—Keitel, Jodl, Erhard Milch and the like. In their place emphasis is being put on Rundstedt in France, Kesseling in Italy, Von Falkenhorst in Norway, Von Manstein in Romania. All came from

DON'T throw away those GREENS!

* You hear a lot about vitamins these days, and what they mean in health for you and your family. You also hear a lot about not wasting food. One of the most common ways of wasting good food is when you throw away the leafy stalks of beets, turnips, carrots, broccoli and other vegetables. These are all rich in Vitamin B₉, one of the most important of the vitamin family. So, eat the greens with their precious vitamins... you will be helping to win the war by conserving valuable food.

being operated. It was in its prime about the time that Cascade park was drawing thousands of picnickers from other cities every season; when Rock Point park, down near Ellwood City, was another big picnic resort. Special trains were run to all of these amusement parks many times during a summer season, hauling huge crowds.

Commencement season must be approaching again. Pa. Newc notes that students are appearing on the streets wearing the class "dinks" once again, a symbol of the fact that they are seniors.

No wonder a lot of rubber is required for some service in the nation. Pa. Newc noted a huge truck rolling through the city at noon, which had 14 huge tires in action on the vehicle.

WIMODAUSIS CLUB PLANS FOR LUNCHEON

Regular luncheon and meeting of members of the Wimodausis club will be held on Wednesday, May 10, at 1 o'clock in the Scottish Rite Cathedral dining room. Hostesses in charge of reservations are Mrs. Clarence Armstrong, 212 Garfield avenue and Mrs. Norbert Uby, 1003 Lorain avenue.

An important board meeting is scheduled at 12:15.

WALMO GARDEN CLUB LUNCHEON PROGRAM

Launching the summer season, Walmo Garden club members enjoyed a picnic luncheon event at the home of Mrs. Earl McKissick on King's Chapel road, who entertained informally with Mrs. Lyle Hughes, co-hostess, on Thursday afternoon. "Garden Hints" were given in answer to roll call.

The program followed the serving of a tasty menu, when Miss Josephine Simpson, representative of the Lawrence County Home Economics department, gave an informative talk on the "Work of 4-H Clubs."

Adding further to the afternoon's pleasure, a "baby picture gallery" feature caused much merriment. Mrs. J. H. Forney and Mrs. A. H. Mellor were the prize winners. A display of flower arrangements chained attention afterwards, recognition going to Mrs. A. H. Mellor and Mrs. Leo Dover.

June 1 Mrs. Robert Genkinger of Walmo will entertain at her residence with Mrs. J. H. Forney, associate hostess.

READING CIRCLE TEA WILL CLOSE SEASON

The Reading Circle will have a tea as its closing event of the season on Monday afternoon, May 8, when Mrs. George D. Morris will entertain in the lounge of the Y. W. C. A.

Program chairman for the afternoon is Mrs. Wayne Stitzinger.

Pantherette Club

Pantherette club will meet next on May 16 at the club rooms. At a recent meeting there, members met with cards with Mrs. Ruben Pratt in charge.

Club token went to Mrs. Ralph Morelli. Birthdays of Mrs. Joseph Pannella and Mrs. Anthony Cioffi and the wedding anniversary of Mrs. Anthony Recupio were remembered when these three members received gifts from their secret sisters.

Later a lunch was served by Mrs. Anthony Capozio, Mrs. Andy Marape, Mrs. Ben Lombardo, and Mrs. Anthony Cioffi.

Blue Triangle Club

Members of the Blue Triangle club gathered in the green room of the Y.W.C.A. Thursday evening for a dinner meeting. A birthday cake honored those whose birthdays are in May.

Miss Ruth Haydon, Mrs. Jane Cochran, Miss Ruth Jamison and Mrs. Gladys Hackett were in charge of arrangements for the dinner.

Later Mrs. Viola Roeder conducted an auction of white elephants.

Next meeting will be in the form of a picnic Wednesday, June 7, at the home of Mrs. Catharine Shaffer of the Robinson road.

EVENING SECTION HAS 'MOTHERS DAY'

Evening Section of Woman's club met in the home of Mrs. Alfred Hyde on the Mt. Jackson road Thursday evening, the occasion proving an outstanding function on their calendar. "Mothers Day" was appropriately observed and an especially entertaining program featured.

Mothers of the members who shared as honor guests, were each given a corsage.

The program in charge of Mrs. Vaughn Richardson followed when Mrs. Verlyn Stearns was heard. She delighted with her talk on "China Blue Eyes."

Speaker of the evening, Miss Lydia Tarrant, nutrition specialist of the State Agricultural Extension Association, was later introduced. She gave a most informative and demonstrated talk on "Salads for health, salads for pleasure and salads for fun."

In addition to making salads in the presence of her appreciative audience, she also showed pictures of additional tempting and tasty ideas, pertaining to this hobby.

During the business routine, their new president, Miss Ingeborg Hallgren, presided. She also named her respective committees for the year.

Tea and dainty refreshments were served by the social committee with Miss Hallgren and Miss Wilda Fullerton pouring from the social committee table. Aiding on the social committee were Mrs. Robert Brown, Miss Gertrude Chapin, Miss Ruth Brennenman, Mrs. Hilbert Reynolds, Miss Mildred Sargeant and Miss Sara Patterson.

The next meeting will be in the form of a picnic outing on June 1 at the home of Mrs. Arthur Walker, Mt. Jackson road.

PHILATHEA SOCIETY HOLDS MAY SESSION

Philathea Missionary society members gathered in the Central Presbyterian church Thursday for their May session. Miss Blanche Bright conducted the devotional period.

The foreign topic, "West Indies and Mexico," was given by Mrs. S. P. Tindall. The national subject, "The American Missionary Comes to Cuba," was related by Mrs. T. C. Boston. Reports on the Presbyterian church were heard. Those giving their impressions of the session included Mrs. W. R. Book, Mrs. Ben Jenkins, Miss Edna Pringle and Mrs. S. P. Tindall. Plans were later made to assist the Chautauqua Rest Home.

Refreshments were served by hostesses in charge: Mrs. William Anderson, Mrs. Charles Fisher and Mrs. Edith Coates.

A. U. R. Society To Meet

A. U. R. society of the Central Presbyterian church will meet Tuesday evening, May 9, at 8 o'clock at the church. Hostesses are Mrs. Robert A. Duff, Mrs. Roland Peden, and Mrs. Robert Aeppli.

BRIDE-ELECT HONOR GUEST AT SHOWER

Miss Marian Currie, bride-elect of this month, was the guest of honor at an evening card and shower party given for her recently by Miss Mary O'Laughlin, Miss Mary Lou Shirk, Miss Sylvia Kehna, and Mrs. George J. Fletcher, Jr., at Miss O'Laughlin's home, 116 North Walnut street.

Thirty-five guests participated in four tables of games for which a number of prizes were awarded. High winners were Miss Elizabeth Glasser and Miss Katherine Brest.

In serving a lunch, Mrs. Ruby O'Laughlin and Mrs. L. F. Kehna, aunt of the bride-elect, and Mrs. J. R. Moffett aided.

Miss Currie will be married later this month to Pvt. Charles P. Pherson, in Denver, Colo., where Pvt. Pherson is stationed.

COUNTY GARDEN CLUB HEARS L. C. DAYTON

Lawrence County Garden club held its May meeting at the home of Mrs. C. A. Burkart, Glenmore boulevard, on Thursday for one o'clock luncheon. Speaker of the day was Lewis C. Dayton, county agricultural extension agent.

During luncheon the hostess was assisted by her daughter, Mrs. P. C. Mathis and by Mrs. J. W. Moorhead, who poured.

Mrs. Robert Lamore presided over business when roll call was answered with "A Famous Rose Garden." Among others, answers included the famous garden at Hershey, one at the Polytechnic hospital in Harrisburg, and the Dupont gardens at Wilmington, Del.

Progress of the Community Rose Garden which is the project of the club was reported by Mrs. Otto Peasall, chairman of the Rose Garden committee.

Plans were announced for a plant sale in the garage of the L. F. Royston home, 212 Glenmore boulevard. The club also discussed a flower show for some future date.

Highlight of the afternoon's program was a talk on "Victory Gardens" by Lewis C. Dayton, who was introduced by Mrs. T. A. Clark, program chairman.

Opening with the statement that "In spite of the present supply of food, it is necessary to have victory gardens," he continued, "we have been living on the accumulated surplus of years and that surplus is now practically exhausted." He illustrated his talk on raising vegetables with slides of pictures of gardens grown in agricultural extension work. Many points explained the reason of failure of some crops in last year's victory gardens and will aid in correcting mistakes this year.

The afternoon's program closed with a sale among members of surplus home canned fruits and vegetables, proceeds of which will be used for the club project.

Next meeting will be a picnic on June 1 at the Peasall cottage on Neshaunock creek.

EPWORTH CLASS TUREEN DINNER

Young Married People's class of the Epworth Methodist church met Wednesday evening at the church for a 6:30 o'clock tureen dinner that was in the nature of a farewell event for Philip Winter, who will leave within the week to enter Navy service.

Mr. and Mrs. Joseph McGaffie and Mr. and Mrs. Charles Matthews acted as hosts.

As entertainment after dinner, the group viewed a picture shown by John Riley in the recreation room of the church. Later, Mr. Winter was presented with a gift of a Bible from the class.

At the First Baptist church, this city, Miss Edith Arthrell, daughter of Mr. and Mrs. Thomas F. Arthrell of Wick avenue, Youngstown, formerly of this city, became the bride of Sgt. James Pfeifer of Rochester, Pa., on April 29.

Rev. W. T. Brown of Youngstown officiated at the ceremony.

Mr. and Mrs. T. F. Arthrell, Mrs. W. T. Brown and niece, Miss M. Dean of New Castle, were the only attendants.

The couple left for a wedding trip immediately following the ceremony.

Sgt. Pfeifer is home on furlough after 42 missions as an airplane gunner over India and China. He wears the Asiatic campaign ribbons. Distinguished Flying Cross and other decorations. He reports to Atlantic City May 12, for assignment.

K-O Club Meeting

Members of the K-O club will meet on Friday, May 12 with Mrs. P. D. McPheeters, King avenue.

Skundor-Barcz

Announcement has been made by Mr. and Mrs. A. G. Skundor, of 720 Brooklyn avenue, of the marriage of their daughter, Jean Elener, to Sergeant Carl E. Barcz, of Ft. Sill, Okla., son of Andrew J. Barcz, of Shenango Pottery company and will rejoin her husband May 8, at Ft. Sill, Okla.

The ceremony was performed in Bucyrus, O., December 19, 1943, by Justice of the Peace O. K. Bender. Mrs. Barcz is an employee of the Shenango Pottery company and will rejoin her husband May 8, at Ft. Sill, Okla.

Contempt Charges Are Being Pressed In Sedition Trials

Indications, Proceedings In Contempt Charges Against Lawyer Will Be Prolonged

By FRANK B. ALLEN
(U. S. Staff Correspondent)

WASHINGTON, May 5.—The government today pressed its contempt of court charges against a seditious trial defense lawyer—indications that the proceedings, like the parent trial, will be prolonged.

James J. Laughlin, accused of contempt of court through a series of motions the prosecution alleges were for the purpose of influencing prospective jurors, told Justice Jennings Bailey, who is hearing the contempt charges, that he would require about three days for presenting his defense.

This presumably will bring a delay in resuming the main trial of 27 men and two women accused of seditious conspiracy, which now is scheduled for Monday. Presiding Justice Edward C. Eicher announced that all trial proceedings would be stopped while the contempt matter is disposed of.

The number of defendants was reduced by the death of 80-year-old Elmer J. Garner, accused of criminal conspiracy and 10 counts of sedition arising from his editorial and publication of "publicity" in Wichita, Kan. Garner was found dead yesterday in his Washington rooming house.

Meanwhile the Laughlin hearing was highlighted by accusation by a shorthand reporter and a deputy clerk that the defense lawyer commented audibly that "I guess I must be slipping" after four pres-

pective jurors in a large group questioned by Justice Eicher had indicated they had not read anything about the trial.

While Joseph Burns, assigned by Justice Eicher to prosecute the contempt charge, did not specifically say so, the inference was that he would make use of the alleged quip in connection with his allegation that Laughlin sought to get before prospective jurors, through news statements, material that would be inadmissible as evidence.

Canada Refuses Request Of Ford

WINDSOR, Ont., May 5.—(INS)—A request by Ford Motor company officials that Royal Canadian Mounted Police be used to clear a path through the UAW-CIO picket line which has barred company officials was refused today by the dominion government.

The huge plant has been kept tightly shut by the picket line, leaving 17,000 workers idle.

The attitude of non-violence of the Ford workers does not make mountains necessary in Windsor. L. S. St. Laurent, Canadian minister of justice, notified Wallace R. Campbell, Ford president.

Prospects at settlement appeared brighter, meanwhile, when it was learned that Justice G. B. O'Connor, chairman of the Wartime Labor Relations Board, will arrive in Windsor Saturday.

Japanese Paid Agent Real Well

NEW YORK, May 5.—(INS)—Testimony that bank deposits of Frederick Heizer Wright exceeded his salary by \$2,488.10 during nine specified months between February, 1940 and August, 1941, was on rec-

ord today in the trial of the New York newspaperman.

Wright, a copyreader on "The New York Daily News," is charged with having failed to notify his newspaper and the state department

that he was a Japanese agent for ten years up until Pearl Harbor.

Charles F. DeLong, special agent for the FBI and a former accountant, testified in U. S. district court that during the specified period

Wright received a total of \$3,041.90 from "The News" and deposited \$5,490 in the National Bank of Liberty, N. Y.

PENICILLIN OUTPUT GROWS
If production of vital penicillin continues to increase at present rates, there should shortly be enough of the "miracle drug" to meet both military and civilian

needs. Less than 465 pounds were produced last year in the U. S. and Canada, 40 per cent in December alone; production in January 1944 was 40 per cent above December.

arn Livestock Marketing Must Not Be Halted

eady Flow Of Animals To Market Needed If Prices Are To Be Maintained

By PHILLIPS J. PECK (U. S. Staff Correspondent)

WASHINGTON, May 5—OPA and Food Administration officials urged livestock producers today that a steady flow of animals to markets must be maintained during summer months, if a collapse of prices is to be avoided next fall.

At the same time, Walter Berger, director of the WFA feed and livestock division, asserted that the nation must reduce its livestock population to a "crop-year" feed basis, because there is not enough feed to maintain present record breaking numbers.

The big problem now is to keep "king facilities" running at full capacity during May, June, July and August," he explained. "We are

going to have too many hogs and cattle coming to market in the fall if this is not done."

Must Not Delay

OPA officials pointed out that prices on livestock may drop "to bedrock" if allowed to accumulate for next fall's "run". There is now an estimated surplus of 12 to 15 million head of cattle on farm and range. A few months ago, however, the feed industry forecast a "famine" in April.

Berger said the nation has been able to sustain huge livestock numbers in the past few years because of large reserves of feed plus favorable new crops. Now, he said, production must be brought back to a crop year basis.

The removal of 85 per cent of all meats from rationing by the OPA gave evidence of present surpluses of livestock and also answered one of the chief complaints of cattle growers. They had sought elimination of ration points on meat for some time.

NEW EXPERIENCE

Cooking with soy flour and soy grits is a new experience for American households. These products add to the protein, vitamin and mineral content of meals. They give bread, muffins and hot cakes a nutty taste.

Women's Ecclesian Club Dinner-Program

Annual Mother's Day Program Presented by Women's Ecclesian Club Thursday Evening

Approximately 65 members of the Women's Ecclesian club gathered in the club rooms, South Jefferson and South streets, Thursday evening, at which time the presentation of the annual Mothers Day program took place.

At 6:30 o'clock a delicious dinner was served on tables nicely arranged for the occasion. Rev. Fr. Francis C. Streiff gave the blessing.

Father Streiff addressed the assembly at the close of dinner, followed by remarks by Rev. Fr. John M. Unger, who also gave the benediction.

The toast to mothers was given by Betty Sansone during the program, and the toast to daughters by Mrs. Anne Mulcahy; Mother song by Charlotte Leonardo and Betty Sansone. Living pictures portrayed were: Madonna and child, Mrs. Mary Leonard and infant, with Ave Maria music; Whistler's Mother, Mrs. Mary Elizabeth Dolan; music, melody of Mother songs; Mother of Today, Mrs. Frances Broschert, music, The Rosary.

An amusing play, Mrs. Apple and Her Corps, was presented later with the following participating: Mrs. Betty Factor, Mrs. Rhoda Krueger, Mrs. Carolyn Mito, Mrs. Marie Kelley, Pauline Peluso, Charlotte Leonardo, Rosemary Factor and Mrs. Dora Mastren, with Mrs. Mary Elizabeth Dolan as accompanist, and Mary Sansone and Rose Mary LaRocca as stage managers.

A grand march was held with Mrs. Anne Mulcahy being the lucky winner. During the evening a prize was given to the oldest mother, Mrs. Anna Seger, and the youngest mother, Mrs. Louis Leonard. As a later pastime, the assembly enjoyed community singing, and following, tables of cards were in progress, and high score winners at the close of play were: Bridge, Mrs. Charles King; 500, Mrs. Anna Seger; games, Mrs. Frank Bubnik and Mrs. Anthony Panella.

Mrs. Marie J. Metz was the general chairman, and is due much credit for the success of the event. Her assistants were: Mrs. Mary Reider, kitchen chairman and committees, Mrs. Julia Barlett, Mrs. Ludwig Calazza, Mrs. William Costello, Mrs. Ruth Miller; dining room chairman was Mrs. Mildred Nielsen, and aides, Mrs. Charles King, Mrs. Edward Kreitzer, Mrs. J. B. Nielsen. In charge of bridge games were: Mrs. Dorothy Trushel, 500, Mrs. Frank Hene, and games, Mrs. Rose Ulrich and Mrs. Agnes Houk.

Wallace Bros. Circus Is In Town

To-day is circus day. Kiddies of New Castle went to bed last night and dreamed of clowns with funny faces, giraffes with necks that reach up into the clouds, elephants with flopping heads and wiggling trunks, pretty girls in pink tights and fluffy skirts, cavorting on the backs of dappled horses, and goodness knows what else.

And, to-day, their dreams came true, for the circus, not just an ordinary circus, but the gigantic affair, floating the title "Wallace Bros. Circus" arrived in town.

In addition to the performance this afternoon, there will be another served up at the show grounds at Butler avenue, starting at 8 p. m.—all for the delectation of pop-eyed youngsters and their elders, who are secretly rejoicing that the circus came to town so that they may attend "just to take the Children."

Many new acts are with the show this year. Among the featured displays are Capt. Ernest Engesser and his group of fighting jinnoses, Romig-Rooney troupe of famous bareback riders, Gladys Benjamin Florence McIntosh and Joan Randall trainers of the 3 herds of elephants; Sylvia Forrest dainty aerialist; Flying Hartzells, Aerial Lakes and dozen of Witty Clowns are on hand for the edification of the youngsters from six to sixty-six years old.

Red Lancelord and his cowboys and cowgirls in a thrilling program of rodeo events, such as trick riding, fancy roping, bronc riding, and many other events are attracting great acclaim.

This is the only big circus coming this season. Adv. It

BRIEF NEWS OVER STATE

(U. S. Staff Correspondent)

BRADFORD—War demands 80 times as much gasoline in this conflict as it did in World War I, revealed Gov. Edward Martin. Some 50,000,000 gallons of oil products, including gasoline, go to the fighting forces daily.

STATE COLLEGE—An emergency loan fund for worthy journalism students has been established at Pennsylvania State College by its Sigma Delta Chi chapter. The first contribution was received from Alfred G. Hill, publisher of the Chester Times.

WAYNESBORO—W. W. "Dutch" Shaffer, veteran pugilist, is proud of his perfect record for Sunday school attendance, not having missed a session since 1919. In addition, he has a perfect attendance of 24 years' standing for Christian endeavor meetings.

PITTSBURGH—Many Pittsburghers had difficulty in spelling the name of Gov. Thomas E. Dewey of New York when they wrote in his name in the Pennsylvania pres-

idential primary election. Spellings included: Dewy, Demy, Dwey, Doony and Dewey. One person wrote RFD for Roosevelt.

NORTH BELLE VERNON—Harold R. Toner received a write-in vote for president in the Pennsylvania Republican primary election. He is an undertaker.

ANNANDALE—Capt. Atlee M. Van Fleet, of Annandale, wears a Distinguished Flying Cross presented by General Jimmy Doolittle to-day because three planes were shot

down in front of him leaving him leader of a bombing mission over Rome. "My best buddy's name in the last war was the same as yours," Doolittle told him.

BROWNVILLE—A Brownsville voter wrote in the name of Gov. Thomas E. Dewey of New York for U. S. senator from Pennsylvania in the Pennsylvania Republican primary election.

CHESTER—There are approximately 10,000 Japanese-Americans in the U. S. Army, a greater repre-

sentation than of any other racial group, according to Masamori Kojima, a Japanese-American student at Haverford college. He urged proper treatment of his people during a speech at Chester.

EASTON—A series of lectures will be given at Lafayette College by Professor Ignacio Maria De Lofendia, of Spain, beginning May 8. Professor De Lofendia is Lafayette's first Carnegie visiting professor.

JOHNSTOWN—Mrs. Amanda Leventry, 82, of Johnstown, is still

active enough to bake as many as 40 pies in a day. She continues to manage her own household, besides occasionally baking and serving for church suppers.

Girl Baby Is Born In Truck

Frantic Parents Unable To Get Taxi Secure Truck, But Stork Wins

CHICAGO, May 5.—(INS)—A 7-pound baby girl bore the distinction today of having been born in a lumbering 2-ton truck as it roared for the Burrows hospital in Chicago.

Unable to get a taxicab, the frantic father, Arthur Lange, in desperation called his boss, Jack Handelsman, head of a cartage concern.

"Take one of our trucks!" Handelsman urged.

Lange got the truck, drove it home, loaded his wife, Florence, inside and started for the hospital, but the stork won the race and the baby was born enroute.

Lange drove on to the hospital and attendants who came out to carry Mrs. Lange and the baby inside saw on the side of the truck the firm's slogan:

"We deliver anything."

Heavy Family Spending Is Seen In Postwar Era

By ROGER W. BABSON
Copyright-1944, Publishers Financial Bureau, Inc.

BABSON

BABSON PARK, Mass., May 5.—There are more than 35,000,000 families in the United States. Statisticians believe that some 65 per cent of these families will be heavy spenders as soon as the German phase of the war is over. People have accumulated the funds with which to make very substantial purchases. Most articles will be bought to replace present equipment.

Automobile Outlook
Just when the automobile companies will be able to again manufacture passenger cars is not known. The chairman of the board of one of the largest companies in the industry recently said that his company originally based its plans on the assumption that the German war would end in November. Recently, however, the directors of this company have revised their time schedule. They do not now believe the war will be over in November.

Customers for new cars should not expect new models. Cars will constitute what would have been the 1942 models plus a few refinements. Trucks for civilian use will be available before passenger cars. I anticipate that at least 3,600,000 families will be in the market for new automobiles. This does not include cars sold for export, used cars or cars purchased on a whole-sale basis for sales forces. These families will spend at least \$3,300,000,000 for new cars just as soon as they can be delivered.

Household Appliances
This market includes all of the varieties of household equipment commonly in use, such as electric irons, sewing machines, vacuum cleaners, washing machines, stoves, radios, refrigerators, fans, garbage disposal units, lamps, carpet sweepers, mangles, electric toasters, etc. 13,750,000 families will want one or more household appliances. Many of these will buy some kind of mechanical refrigerator and possibly 2,500,000 radios will be purchased.

A potential market, in excess of \$1,200,000,000, therefore exists for household appliances. This does not include household equipment for apartments, for commercial use or for export. In connection with the sale of such articles, the sales forces of dealers and distributors will be greatly increased. For the small businessman, the merchandising of household appliances may offer an attractive future.

Home Furnishings
Many items in this category, such as floor coverings and furniture, have not been restricted during the war. To some extent, families have been able to keep abreast of the replacement demands and buy some new articles. Home furnishings, therefore, will not enjoy the post-war demand that the more restricted metal and rubber consumers' goods will have.

Nevertheless, nearly 6,000,000 families will buy furniture, rugs, carpets and or linoleum along with lamps, glassware, curtains, draperies and household linens. Most of the

thousands of couples who have been married during the war have not yet had an opportunity to furnish their homes. Furthermore, there may be a sharp rise in marriages after the war which should mean several hundred thousand more customers.

What About Building?
Within six months after the war is over and materials are available, at least 1,500,000 families should be in the market for a new home. Nearly 25 per cent of these will not spend more than \$3,500 for a house. A little more than 25 per cent will be able to spend up to \$5,000. This is where the big market exists for pre-fabricated houses, provided manufacturers can get their costs down.

Some 40 per cent of the families will be able to spend more than \$5,000 on a new house. At the moment, the big real estate market is in homes costing less than \$10,000. After the war before inflation sets in a good deal of house should be possible at around this figure. The trend is away from the larger type of house. More household conveniences and better utilization of space should enable even large families to live comfortably in smaller houses.

Farm Improvements
A big postwar market exists for repairs and improvements in existing farm structures. Such improvements would include interior and exterior painting, insulating, new plumbing and bathrooms and general remodeling. Kitchens will be modernized and much new heating equipment installed. Over 10,000,000 urban and rural families are almost certain to make some kind of improvements or repairs to their homes in the postwar era. To do this, they will spend close to \$8,000,000,000.

Finance Companies
Most families will not pay cash for the above-described items. The habit of installment buying, which deplorable, is firmly engendered in the American people. Consequently, the outlook for most credit and financing companies should be bright. But for the same reasons the country will be headed for another depression after this spending and borrowing period is over.

NO BIDDERS
NEW YORK.—(INS)—Toy German soldiers and other personal effects of five Nazis formerly employed in the German Railroads. Information Office were placed on

exhibit in New York to be sold at auction to the highest bidder. But the Alien Property Custodian didn't even bother to display ten portraits of Adolf Hitler, originally contained in the lot; he figured there would be no bidders.

Gasoline Coupon Violators Held
PITTSBURGH, May 5.—(INS)—Two Pittsburgh district men and one woman today were under arrest, charged with operating a black-market gasoline racket by means of obtaining canceled gasoline ration coupons sent to the incinerator for destruction by OPA headquarters.

Lee Lanning, 47, foreman of the Pittsburgh city garbage plant, and Eleanor Whitely, 34, were arrested at their home for violations of the OPA regulations.
In a signed confession, Miss Whitely admitted that in a little more than a year she disposed of stolen coupons good for between 90,000 and 100,000 gallons of gasoline, police reported.

PENNSY FREIGHT IS WRECKED NEAR KANE
SHEFFIELD, Pa., May 5.—(INS)—Twelve cars of a Pennsylvania Railroad freight train piled up at Sheffield, 16 miles west of Kane, today, tying up traffic completely on the Renova division.
Some of the flat cars in the train loaded with locomotives, crashed into the railroad station, but no one was reported injured.

BUSINESS SHOWS FAVORABLE LEVEL
PITTSBURGH, May 5.—(INS)—Appreciable gains last week in nearly all lines of economic activity in the Pittsburgh district with business reaching the best levels since early April were reported today by the Bureau of Business Research of the University of Pittsburgh.
The bureau's seasonally adjusted index stood at 178.4 per cent of the 1935-39 average; the steel mill rate increased somewhat; bituminous coal production held unchanged, and electric power production and department store sales both reflected counter-seasonal increases.

SLIGHTLY OFF HIS RUN
PORTLAND, Ore.—A "Portland Traction Co. bus" slightly off its run, is hauling U. S. soldiers in Italy. A mechanized unit, formerly stationed at the Portland airport, gave a captured Italian bus a face lifting. Set Edwin Flannery wrote his wife that the train was painted a smart olive drab. Then Portland traction signs were added.

RICHMAN BROTHERS

Leaders in Value Giving Since 1879

Believe it or not, our woolens are finer than before the war . . .

It's an ill wind that blows no good. One of the beneficial results of the war is an increased importation of fine wool from Australia, because most domestic wool is now employed in uniforms.

Much of this fine Australian wool, formerly used in expensive imported English fabrics, is now going into Richman Brothers Clothes.

Add the good tailoring of the Richman Family—the wide variety and attractiveness of our selection—our greater-than-ever values—and you will understand why Richman Brothers Clothes now, as always, are America's No. 1 choice.

EVERY ASSAILS ACTION OF F.B.I.

Says Arrest Of Montgomery Ward
Co. Official More Evidence
Of Dictatorial Powers

CHICAGO, May 5.—(INS)—Sewell L. Avery, chairman of the board of Montgomery Ward & Co., today attacked as "another evidence of the administration's growing dictatorial power" the arrest by FBI agents of Paul D. Sowell, assistant to the company's operating manager.

Sowell was arrested at the Ward plant yesterday after he had removed a placard posted by U. S. deputy marshals which stated that recent dismissals were voided and none henceforth would be valid unless approved by Wayne Chatfield Taylor, undersecretary of commerce in charge, or his deputy, John D. Goodloe.

Sowell later was finger-printed and handcuffed and finally arraigned before U. S. Commissioner E. K. Walker who set the prisoner's hearing for May 11 on a charge of removing government property.

Said Avery of the incident: "The action was a sort of first cousin to the treatment they accorded me the other day—only a whole lot cheaper."

"In removing that notice from the bulletin board, Mr. Sowell was acting in his line of duty. He is the right hand man to Mr. Prall, vice president in charge of all operations in the mail order house and the retail store."

"What appears on the bulletin board is for his scrutiny. He took the notice down to take it to his office and study it. But there are 55 FBI men around there and they grabbed him."

It was then that Avery charged that Sowell's arrest was evidence of the administration's "growing dictatorial power."

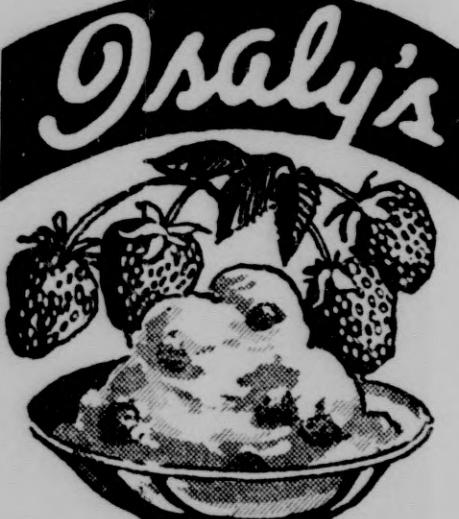

Gandhi May Get Prison Release

LONDON, May 5.—(INS)—The London Daily Express said today that Lord Wavell, viceroy of India, is considering the release from prison of Mohandas K. Gandhi because of the Indian National leader's illness.

The 74-year-old Gandhi has been suffering from effects of a siege of malaria and considerable concern has been expressed over his condition. He has been a prisoner at the Aga Khan's palace in Poona since August, 1943, for sponsoring a civil disobedience campaign in protest against jailing of leaders of the All-India Congress party.

SEE POLITICS IN RATIONING

Congressman Predicts Most Rationing Will Be Eliminated Before Election

By ERWIN D. SIAS
(U. S. Staff Correspondent)

WASHINGTON, May 5.—Rep. August H. Andresen (R) Minn., flatly predicted today the Office of Price Administration will remove virtually all remaining items from the rationing program between now and election day.

Andresen's prediction came in a speech prepared for house delivery in which by inference he accused the new deal of using the OPA rationing program as a wedge to secure a fourth term for President Roosevelt.

He further held that should Mr. Roosevelt be re-elected, "OPA shortly thereafter will reinstate and make more drastic all rationing policies to further regiment and socialize the economy of our country."

"It would not surprise me at all," said Andresen, "should OPA Administrator Chester Bowles announce between now and Nov. 7 that beef steak, sugar, butter, canned fruits, gasoline, fuel oil and automobile tires will also be put on the free list for the benefit of the civilian population."

Who Issued Orders
Andresen said he would like to know "who issued the orders to Chester Bowles to virtually discontinue the rationing of all foods."

"Was this policy ordered by the president, or was it done by the palace guard in the White House," Andresen continued, "I also want to know if the new deal is using the rationing and unrationing of essential foods as a political or disciplinary expedient."

The congressman expressed surprise that Bowles on Friday, April 28, in discussing the end of meat rationing, said "there may be possible relief in 1945 (with luck) and possibly even when the war in Europe is over."

"Now Mr. Bowles has removed 85 percent of all meat from rationing," Andresen pointed out, "I marvel at the rapidity and ease in which Mr. Bowles can change his views and actions."

Canned fish will go further if made into a loaf or casserole dish. Use plenty of cracker, bread or ready-to-eat cereal crumbs to "stretch" it. One medium sized can of salmon, 1 cup cracker or other crumbs, 2 eggs and milk to moisten, combined and baked for one-half hour. Will serve 6 persons.

IN U. S. ARMED SERVICE

(War Censorship Regulations Limit Information Allowed in This Column)

Sgt. Paul R. Johnson of Bessemer has arrived in Italy, according to word received here by his father, George Johnson.

Sgt. Thomas F. Williams has returned to Camp McCain, Miss., after spending a 12-day furlough with his wife and parents of Etna street. He is attached to the 302nd infantry division.

SILVER GOES TO WAR
Of the 118,000,000 ounces of silver consumed last year, 71,000,000 ounces were used by essential and war industries.

Mercy Flights Claim Records

GEN. DOUGLAS MacARTHUR'S HQ, New Guinea, May 5.—(INS)—Fifth Air Force hospital planes claimed two records for mercy flights today—the longest ever undertaken for a patient's welfare and the greatest number of aerial evacuations in any theatre of operations.

The longest flight was by an army

transport plane which took off this week from Australia, bearing a seriously ill nurse to the United States. The patient is 2nd Lieut. Katherine Landrey of Boston, Mass.

The record number was placed at more than 85,000 casualties evacuated by air in the Southwest Pacific area.

MOST ALLIED FUEL IS OURS
The United States has provided upwards of 85 per cent. of all aviation gasoline and 70 per cent. of all petroleum products used by the United Nations so far in the war.

Paster Tells How Dictators Rule

Dr. Hiram Gruber Woolf Tells Of Own Personal Experience Abroad

WAS IMPRISONED IN ITALY AS SPY

New Castle Executives club members and their wives and guests heard from the lips of one who lived under the dictatorship of Adolf Hitler and Benito Mussolini, just what life in Germany and Italy was like, when Dr. Hiram Woolf, repatriated American Episcopal pastor, related his own personal experiences in these two lands.

The outbreak of the war found Dr. Woolf serving the American churches in Munich and Dresden, and ministering to the English congregation in Berlin. He also acted as chaplain to British prisoners of war in Germany. He returned from this post for a vacation visit and later was called to the rectorship of the American Church of St. Paul in Rome. After serving this post for eleven months, he was taken into custody as an international spy, and after a trial which was a farce, was sentenced to 30 years imprisonment, being released a few days after his trial so he could be exchanged for some Italian prisoners of war.

Saw Atrocities

On November 8, 1938, he witnessed the purge of the Jews in Germany, and the atrocities which were committed and which he was a witness to, were unspeakable, he relates. Complaining to a German Baron of the treatment, he said the German told him that the American philosophy of life and those of the German were different. "We obey orders without questioning," the German said, "regardless of what they are."

With one in every six men in Germany a member of the Gestapo, S. S. troops, or Hitler guard, there has not been, nor will there be

much of an opportunity to revolt as long as Hitler and his regime remain alive. One example of the "efficiency" of the German machine was related by the pastor, when he told of a drive to collect old shoes. Later on, shoes were rationed, and people were permitted to buy what were supposed to be new shoes. These turned out to be the very shoes the people had given in the salvage drive, which had been repaired and renovated.

Held As Spy

When arrested as a spy in Italy, he was charged with being head of a ring, seeking to get information for the allied cause because he had accepted a letter from a British soldier to be delivered to the British consulate, and had asked out of idle curiosity of an Italian aviator, what kind of food they were getting. He had also had conversation with several Yugo-Slav citizens who knew people that he knew in the United States. The seven others in the so-called ring were discharged for lack of evidence, and he was found guilty, so he could be exchanged for persons the Italians wished to repatriate.

Dr. Woolf told his hearers that the citizens of this country really do not know what rationing is, and related many instances of how miserably the people of the Axis countries live.

James A. Rugh, newly elected president of the Executives club, presided and presented William B. Howe, lay reader of Trinity Episcopal church, who introduced the speaker.

Last night's meeting was the last of the season for the Executives club.

Schools Collect 34,758 Tin Cans

West Side Only City School To Turn In 100 Per Cent For Past Week

City tin can collections fell off this week after the bang up collection of the week before when pupils were qualifying for the special movie in their honor. Reports show a total of 34,758 cans for the 11 public schools.

West Side was the usual winner in their group of schools and the only city school to report 100 per cent among the pupils. Thaddeus Stevens led the other group with a near perfect percentage. At West Side, Charles Walzer, with 522 cans was the leader for the eighth week. Thaddeus Stevens has a new winner. She is Kay Meltrout, age 6, grade 1. Kay collected 250 cans this week. City leader was Elizabeth Harper of Oak street school and another good collection was reported for William Shevman, age 11, grade 6, at McGill school. William, with 1023 was just under Elizabeth's collection of 1183.

GERMAN REPORT SAYS HOUSES IN ROME BOMBED

LONDON, May 5.—(INS)—The German Transocean agency reported today that whole blocks of houses were destroyed when several waves of United States bombers attacked the outskirts of Rome yesterday. Casualties were reported among the population.

Partisan Forces In Heavy Attacks Against Germans

LONDON, May 5.—(INS)—Yugoslav Partisan forces attacked the enemy stronghold of Mrkonjgrad from three sides today in the face

of strong resistance by the Nazi garrison.

Marshal Josip (Tito) Broz, in his regular communique, said other Partisan forces "went over to the offensive at a number of places in Montenegro, the Sandjak and Herzegovina."

"Our troops are continuing offensive operations, clearing the territory of the enemy and attacking

German communications," the announcement continued.

Mrkonjgrad, in western Bosnia, fell to the Nazis on April 24th.

Meantime, the Patriot troops were locked in violent battle with German occupational forces in eastern Bosnia and Macedonia, with the enemy continually bringing up reinforcements. Heavy losses were inflicted on the enemy.

Former Belgium Ambassador Dies

NEW YORK, May 5.—(INS)—Funeral services will be held tomorrow for Dave Hennen Morris, intimate friend of President Roosevelt whose 1937 "Dear Dave" letter regretfully accepting Morris' resignation as U. S. ambassador to Belgium and min-

ister to Luxembourg attracted wide attention.

Morris was widely known as a lawyer of brilliance, a homeopathic physician in his younger days, a talented violinist, yachtsman, tennis player and long prominent co-owner of a racing stable. During his diplomatic service in Europe, from 1933 to 1937, King Leopold of Belgium awarded him the Order of the Grand Cordon.

**EVEN if you must Skimp on House Cleaning time...
Don't Skimp on Health Protection...
Make your Home CLOROX-CLEAN!**

EVEN when your house cleaning time is limited there should be no slackening of the sanitary measures that are so important to greater health protection in the home. Keeping healthy is more necessary than ever during these critical times when there are fewer civilian doctors and when America's manpower must be kept on the job for Victory. It's easy to provide increased home health protection by making Clorox a standby in your daily cleansing routine.

WHY TAKE CHANCES!
"When it's CLOROX-CLEAN it's hygienically clean!"

In Kitchen Cleansing it's important to concentrate on making germ "danger zones" sanitary. The simple, efficient way to greater kitchen sanitation is to use Clorox in routine cleansing of refrigerators, sinks, drainboards, china and glassware; dishcloths and dish towels; floors, garbage containers.

Every Housewife enjoys the prestige of snowy-white cottons and linens. Clorox gently bleaches white cottons and linens (brightens fast colors), removes stains, even scorch, mildew... reduces rubbing, prolonging life of precious fabrics. And Clorox in laundering is an added safeguard to family health.

BUY WAR BONDS

In the Bathroom ordinary cleansing methods are not enough, for bathroom surfaces may look clean, yet be covered with invisible germ dangers. Here again, Clorox provides greater sanitation in the cleansing of tile, enamel, porcelain, linoleum and wood surfaces.

Clorox is ultra-refined, free from caustic, an exclusive, patented quality-feature. It is concentrated for economy and has the same full strength, same high quality standards today as always. Simply follow directions on the label which lists many important household and personal uses. There is only one Clorox... always ask for it by name.

RED CROSS FIRST AID GROUP MEETS

Instructors Club Has Question Forum Program; Plans June 7 Outdoor Practice

First Aid Instructors club of the Lawrence county chapter of the Red Cross had its monthly meeting at the chapter house on North Beaver street Wednesday evening. Mrs. Plummer G. Gibson presided.

Fins were presented to all the instructors by Harry J. Cullford, chairman of first aid.

For the program, a question box period was carried out. Mr. Cullford, Ralph Davis and N. J. McCluskey acted as the board of experts. Discussion and demonstrations followed.

Miss Elizabeth Breslin, executive secretary of the chapter, spoke and commended the services of the First Aid department and encouraged future activity.

Purpose of Club
Recently organized as a club, the group of certified first aid instructors has a four-fold purpose: (1) to give instruction in first aid methods and teaching technique when ever requested to do so by volunteer classes; (2) to promote fellowship in the group; (3) to take special training in work for Red Cross disaster units; (4) to cooperate with other chapter activities.

Refreshments were served by a committee composed of Mrs. Robert Peterson, Mrs. Anne Castele and Miss Marguerite Uhl.

Outdoor Meeting June 7
Plans were made for the next meeting after acceptance of Miss Rosena McGurk's invitation to the group to go for an outdoor meeting and hamburger fry to her cottage near Rose Point on June 7. Members will meet to go at the chapter house at 7 p. m.

Outdoor first aid practice will be a feature with Mr. Davis, Bert Evans and Mr. Cullford in charge. Lighting equipment will be furnished by James Messner.

Mrs. Leonard Cramer, Mrs. Robert Peterson, Miss Marguerite Uhl and Mrs. Wanda Hughes were appointed as a hostess committee to assist Miss McGurk.

GROWING INTEREST IN ARCHERY SHOWN

PITTSBURGH, May 5.—(INS)—A growing interest in the ancient sport of archery declined sharply in 1943 in Allegheny County, Parks Director George E. Kelly revealed in his report for the year.

While 788 archery enthusiasts paid \$54.60 for shooting permits in 1942, only 100 visited the public ranges last year, paying \$9 in fees.

Mrs. W. R. Vaughn's Nephew Is Missing

Cpl. John R. McConaghy, 54 Hawthorne street, Crafton, is reported to be missing in action in the Mediterranean area. Cpl. McConaghy is the nephew of Mrs. W. R. Vaughn, 107 North Mercer street. He was 19 years of age and had just been in the service a year. Cpl. McConaghy was well-known here, as he always spent his vacations with his aunt.

Garden Notes

When the chimney is cleaned, save the soot and work it into the top layer of soil in the victory garden. Soot is a good fertilizer and helps to keep cutworms and other insects away.

When planting succession crops in the victory garden, fertilize after the first crop is pulled and before another planting is made. The summer garden should fill the jars for the canning program and the winter garden should fill the storage racks in the root cellar.

Sifted wood ashes are valuable in the victory garden. Such ashes can be sprinkled lightly on the hills of cucumber, melons and squashes to discourage insects. Sifted ashes discourage the little green cabbage worms when it is dusted on the leaves of the plants. Any ashes left over can be used in the soil where radishes are planted, thereby reducing the worm hazard.

Now that we know that green celery is much more valuable as a food than blanched celery, more victory gardeners will grow it this year, for it matures easily.

Peapods are richer in vitamins and minerals than the peas themselves. Use peapods by pulling off the top of the pod. Inside is rich flesh. This can be cooked in a minimum amount of water. Peapods can be used as a vegetable in soups and salads.

In areas where the land is poorly drained and where heavy rains result in frequent surface flooding, crops should be grown on raised beds or bridges.

Four great unpardonable sins are listed in the code of the Brahmins, or priests, who are the dominating caste among the Hindus. They are: to oppress a suppliant; to desert a wife; to rob a Brahmin; and to betray a friend.

Stresses Use Of Limited Manpower

HARRISBURG, May 5.—(INS)—Chambers of Commerce in seven highly industrialized areas of the state held suggestions today from Mrs. Conway Zirkle, chairman of the State Defense Council's Advisory committee on consumer interests, on making the best use of limited manpower in retail stores.

Mrs. Zirkle recommended as hour-saving steps for both store clerks and consumers that customers present clerks with a written list of their needs and line up where there is a shortage of clerks, that food and dry goods stores remain open at least one evening a week for the benefit of different shift workers and that local organizations conduct campaigns to get women to take part-time clerking jobs.

Horace Mann, famous American educator, was born on June 4, 1796.

CHINESE STUDENT WANTS NEW NAME

PITTSBURGH, May 5.—(INS)—Chow Koon Lee's name will become plain Charles C. Lee if the Allegheny county common pleas court approves his petition.

This young Chinese-American, who recently moved to Akron, Ohio, where he is employed by the Firestone Rubber company, was one of the most popular students to be graduated from the University of Pittsburgh's School of Business administration. The new name would not sound strange to him, for many of his student friends at Pitt often called him "Charles" or "Charley".

Manpower Shortage Hurts Coal Output
HARRISBURG, May 5.—(INS)—The Department of Mines disclosed today that anthracite production could be boosted an estimated 12-

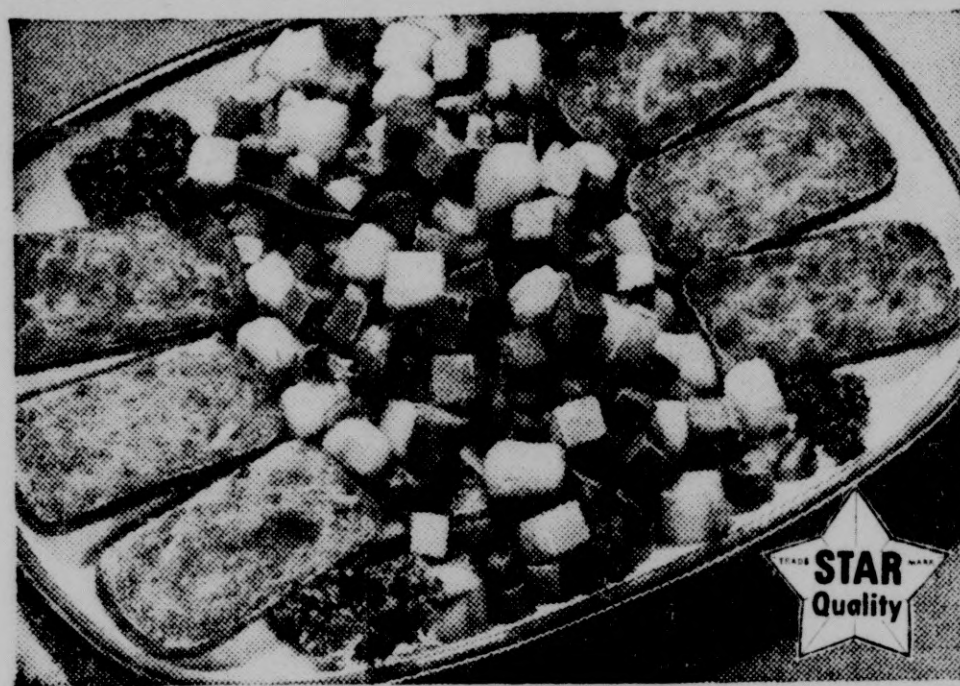

979,000 tons a year if 16,250 additional miners could be recruited. Simultaneously, the department revealed that bituminous companies reported that soft coal production could be increased approximately

37,945,000 tons a year if 26,411 more miners were available. After surveying both industries, the department reported that there were 5964 men under 26 years of age subject to recent Selective Service regulations speeding up their

inductions in the soft coal fields and an estimated 3020 similar miners in the hard coal fields. Approximately 28,500 miners have left bituminous mines for the armed services, the department said. Anthracite companies disclosed that

more than 12,000 miners were now in the army or navy. Germany's newest type rocket guns fire six rockets in quick succession, each of which is ignited by a separate detonator.

Armour Ideas Make the Most of Meat

Serve Treet O'Brien for Dinner Tonight

Here's a good hot meat and potato dinner that satisfies a hungry family for just a few meat points! And it's easy to fix!

You make it with Armour's Treet and just one tin of Treet will serve five or six people, because it's all meat... there's no bone or waste in Treet. Treet is made of fine pork shoulder... taste fully seasoned and vacuum cooked in its natural meat juice. Armour's Treet is ready to eat when you get it... grand served hot or cold. Be sure

to try this recipe for Treet O'Brien. Cut 5 to 6 thin slices of Treet for frying and dice the remainder. With 1 cup Star Bacon drippings in a frying pan, heat 5 cups diced cooked potatoes and 1 cup sliced onions for 5 to 10 minutes. Add the diced Treet, 1/2 cup chopped green pepper, 1 tsp. salt, and continue cooking for 15 minutes until meat and potatoes are golden brown. Fry remaining Treet slices 1 minute to each side and serve on same platter. ★ ARMOUR AND COMPANY

Albert was en route from Bainbridge, Md., to visit his wife in Cleveland. He soon enters Yeoman school at Bainbridge.

Medical Society Plans Activities

Lawrence County Medical Society Conducts Business Meeting At The Castleton

Discussion of the Medical Service Plan of Pennsylvania took place Thursday evening at the meeting of the Lawrence County Medical Society, held in the coral room of The Castleton. Dr. Gerald Zieve, first vice president, presided in the absence of Dr. C. F. Flannery, president, who is ill.

Ralph W. Davies, Guild director of the Medical Service Association of Pennsylvania, was present and encouraged further participation on the part of all physicians in the medical insurance plan.

The program committee announced the scientific meeting on May 11 in the coral room of The Castleton, at which time Dr. J. A. Thomey, professor of pediatrics at Western Reserve Medical school, Cleveland, will speak. He will discuss the diagnosis of meningitis.

Plans are under way for a ladies night and banquet, scheduled for June 14 by the medical society.

It is said that about 60 per cent of the population in the United States do not receive any eye, dental, or medical attention whatsoever.

Courageous Pilot Gets Plane Home

Flame-Seared American Fortress Lands In England, Some of Crew Missing

LONDON, May 5.—(INS)—Crewmen of a flame-seared American Fortress today credited their faith in the Lord with their safe return to England after a fire over the North sea turned the plane into a blazing exploding arsenal.

First Lieut. Roland C. Schellenberg of New Bedford, Mass., told of discovering the entire cockpit on fire when about 20 miles from Belgium during a recent raid against Hamm, busiest rail center in western Germany.

"I ripped off my oxygen mask, my flak suit and helmet, and had the co-pilot take the controls and I grabbed an extinguisher," Schellenberg said.

"Just then the oxygen exploded. The entire door had been blown away, and the bombardier, navigator and engineer had disappeared. They must have been blown out by the explosion."

He said that flames were exploding throughout the plane. Ammunition used in the machine guns also was touched off.

The crew released five of the

bombs with a screwdriver over the North sea. The explosives had become red hot from the intense heat.

"With the Lord's help we landed the charred wreck at the first air-drome we saw in England," Schellenberger said.

PVT. JOHN TENNER KILLED IN ACTION

Mrs. William Crowe of 1102 Dewey avenue received word on Thursday from Mr. and Mrs. William Tenner of Chicago saying that their son, Pvt. John Tenner, had been killed in action in South Africa on April 8. Pvt. Tenner was a nephew of Mrs. Crowe and had often visited here. He was 19 years of age and had been in the service for about a year.

Fiscal Despotism Scored By Expert

Dr. Harley Lutz Of Princeton University Scores Progressive Taxation

PHILADELPHIA, May 5.—(INS)—Dr. Harley L. Lutz, Princeton university tax expert, warned today against the "socializing effects" of progressive taxation and called for a revamping of the federal income tax plan.

Lutz scored "fiscal despotism in Washington" in an address before the Philadelphia Council of the Controllers Institute of America, and declared that the continuance of the present tax program in the post-war period will destroy private enterprise.

He asserted that progressive taxation "is the most powerful instrument of the socialist state" in his attack upon the Levy plan which bears heavily on savings concentrated in creditor areas and lightly upon the masses in low income groups.

Lutz suggested revamping the income tax plan by "raising the floor" to \$2000 or \$2500; establishing a flat rate tax on gross individual income to be collected at the source, and raising the income level at which surtax rates first apply.

Busy Schedule For First Lady In Pittsburgh

PITTSBURGH, May 5.—(INS)—Eleanor Roosevelt is going to have a very busy day in Pittsburgh Wednesday if she accomplishes all the things being planned for her.

Shortly after her arrival at 9 a. m., Mrs. Roosevelt will inspect the canteen at the Pennsylvania station; appear at a luncheon of American Legion Post 5; address the Rotary club; go to Deshon General hospital at Butler, and address the Pittsburgh Teachers association in the evening.

VICTORY GARDEN NOTES

By LEWIS C. DAYTON,
County Agent

"APHIDS" ARE UNWELCOME GUESTS IN ANY GARDEN

Don't share your garden with aphids, or they may rob many meals from crops long before harvest. Aphids, also known as plant lice, are sap suckers and destroy or deform plants and their leaves by drawing the essential sap from the foliage.

Aphids destroy quickly, and their appearance demands immediate control measures. The aphids are small, soft-bodied insects, either winged or wingless, and may be variously colored. In general, the darker colored kinds are more difficult to kill.

In small gardens, the rotenone dust will keep the more tender species under control fairly well. On cabbage, peas, beans, tomatoes and sweet corn a nicotine spray or nicotine dust is required to clean up the infestations. On beans, it may be necessary to spray in order to halt the black bean aphid before it has an opportunity to cause serious damage. A dust is recommended on cabbage, since a spray will not spread on the leaves.

Dipping the leaves of cabbage plants that have been treated in the seedbed will prevent an infestation from getting started. Use the same nicotine solution recommended for spraying, but do not put the roots in the nicotine-soap solution. Spraying or dusting cabbage plants in the seedbed may be helpful in slowing infestation while plants are being established in the garden.

Nicotine dust is prepared as follows: four ounces of nicotine sulphate and five pounds of hydrated lime are mixed and rolled for 10 minutes in a tight can which has been made about one-third full with round rocks, each about the size of an egg. Sift through coarse screen to remove stones. Store nicotine dust in tight container until used.

Nicotine spray is prepared by mixing two teaspoons nicotine sulphate and three tablespoons soap-flakes or chips with one gallon of water. (Clip and save for future reference.)

Blind Man Urges Safety In Mills

PITTSBURGH, May 5.—(INS)—Blind from birth until surgery restored his vision at the age of 18, George Campbell, 25, today urged those born with good eyesight not to take unnecessary chances in war plants and elsewhere because "we have enough casualties in the battlefields."

Addressing members of the western Pennsylvania safety council and the American Society of Safety Engineers, Campbell said it still makes him "furious" to see small children permitted to play dangerous games "which might easily ruin their eyesight forever."

ARTIST-SOLDIER ENJOYS HIMSELF

PITTSBURGH, May 5.—(INS)—Three years ago Jerry Caplan, a commercial artist, had a one-man show in a local gallery and included among his paintings some imaginative desert scenes. Now he's seeing the actual thing.

As photographer for an engineering company in the army, Corporal Caplan, 21, is stationed in North Africa where he has been painting real desert scenes and "dabbling," he writes, in sculpture and wood carving.

NEWS AND VIEWS AT CAPITAL

(International News Service)

HARRISBURG, May 5.—The lack of leadership that marked senatorial sessions during the 1943 regular meeting of the general assembly was apparent after the upper chamber met again for the special session... unlike the House, which Speaker Ira T. Fiss controls with a firm hand, the Senate rarely meets at the scheduled time and when it does convene it is not unusual for floor leaders to request lengthy recesses to enable members to attend committee meetings or caucuses.

On the second day of the special session, the House convened on time, transacted its business without difficulty and was adjourned within 50 minutes. The Senate was an hour late convening and then Majority Floor Leader Weldon B. Heyburn of Delaware, was granted an hour recess.

The senators appear to have retained their reluctance to attend committee meetings and caucuses before the upper chamber convenes... It is not unusual for conscientious members to have to telephone homes after the time for meeting passes in order to have a quorum present.

Franklin Spencer Edmonds, 70-year-old Montgomery county senator, will end a half-century of public life with the adjournment of the regular session in 1945... Edmonds, whose health has failed, received an additional shock when his son was killed in Italy... best known for his teachers' tenure act of 1939, Edmonds has been interested in education since 1893 when he was a secretary for an agency seeking to expand university teaching... an author, attorney, politician and tax expert, Edmonds is a member of nine senatorial com-

mittees and chairman of welfare and pensions... the veteran legislator, who served in the House from 1921 to 1926 and was elected to the Senate in 1938, hopes he will be physically able to take part in mapping Pennsylvania's postwar policies during the 1945 session... He said he would not seek re-election because of his age and the demands of his constituency which were difficult to fulfill since a lengthy illness in 1943.

Absenteeism among legislators was at a minimum when the assembly convened for the extraordinary session May 1... only two senators and 15 representatives failed to respond when the rolls were called... Absentee senators were Joseph Zeisenheim, Erie Republican, serving as a captain in the Army Air Force, and Adrian H. Jones, a Luzerne county Republican serving his initial term.

The vacant House seats were caused mostly by illness... During the 1943 regular session, hard-working assemblymen were lured at the re-

Cabinet Member Will Be Honored

Secretary Floyd Chalfant To Be Given Testimonial Dinner On May 16

Honoring Secretary of Commerce Floyd Chalfant, now of Waynesboro, Pa., formerly of Beaver, a testimonial dinner sponsored by the Council of Republican Women of Beaver County will be held in the First Methodist church of Beaver on Tuesday night May 16, at 6:30.

Mr. Chalfant was formerly the editor of the Beaver Times, but some years ago took over a newspaper in Waynesboro. Following his election, Governor Edward Martin appointed Mr. Chalfant as Secre-

tary of Commerce for Pennsylvania.

Active in the arrangements for the testimonial dinner is Mrs. Isaac James, a former New Castle woman now of Alliquippa who is the first vice president of the Beaver County

Council of Republican Women. A number of New Castle Republicans expect to attend the dinner.

Automobile bumpers were introduced in 1906.

Lend-Lease Sum Thirty Billion

United States Has Given Im-
mense Total For Lend-Lease
Since Start Of War

WASHINGTON, May 5.—(INS)—Sen. Kenneth McKellar (D-Tenn.) today revealed to the senate that the United States in lend-lease loans, purchase of materials and other expenditures, had expended more than 30 billion in foreign countries up to April 1, 1944, as a part of the defense and war program.

McKellar made the statement in urging the senate to pass the house approved extension of the lend-lease act.

The division given by McKellar includes more than 21 billion dollars for lend-lease and more than four billion dollars in purchase of materials. He said total lend-lease aid to South America was two billion 327 millions. Expenditures in Brazil including lend-lease were revealed as exceeding 327 millions.

More lend-lease aid was given Brazil than any other Latin or South American country, he said, because it was feared that West French Africa might fall into German hands and that "Germany might undertake an invasion of this hemisphere by that route."

Mr. and Mrs. Harry Marshall and family attended Bible school and church services at the Camp Run U. P. church Sunday and were dinner guests of Mr. and Mrs. J. L. Marshall.

Mr. and Mrs. Ben Blackwell of Lowellville, O. were Sunday visitors of Mr. and Mrs. Alvin McFarland. Robert Edward has been the name chosen by Mr. and Mrs. Lester Dicks for their infant son.

Mrs. Iva Stoughton, of Grant City, was a recent caller at the home of Mrs. Anna Livingston.

Miss Blanche Woods was a weekend guest of Stella Bolls, of New Castle.

Commencement exercises of the Scott township high school will be Thursday evening, May 18, at the Presbyterian church.

Mr. and Mrs. Everett Peak and children, of New Castle, are occupying the Charles Peak home. The Charles Peak family has moved to the Archie McCracken home near Grant City.

MARTIN SUPPORTS WAC RECRUITING

HARRISBURG, May 5.—(INS)—Gov. Edward Martin, pointing out that every WAC enrolled releases a soldier for combat duty, has called upon Pennsylvanians to support "WAC Recruiting Week," which will be observed the week of May 11 to 17.

"The day is close at hand when the fighting forces of our nation will launch military operations overseas on a scale never equalled in the history of the world," the chief executive stated.

Historians mention embroidery as early as 1491 B. C.

Missing Soldier Believed Prisoner

Pulaski Township Residents Get
Message From German
Radio Broadcast

Belief is expressed by Mr. and Mrs. Jay Garrett, of Pulaski township, that their son, Corp. Dalmer Garrett, aged 26, listed as missing by the War Department since January 30 of this year, that he is a prisoner of the Germans.

His name and address was heard on a broadcast from Germany on April 5, which was heard by a number of people in the local community. Mr. and Mrs. Garrett received a number of messages about the broadcast, and also a telegram from the Federal Communications Commission stating that monitoring stations had also picked up the message.

Another son, Pfc. Gene H. Garrett, is also missing in action, and no word has been received from him in several months.

Walkie-Talkie Quite Valuable

CAMDEN, N. J., May 5.—(INS)—The walkie-talkie, which keeps soldiers on the fighting fronts in touch with their headquarters, will play a great part in the post-war world, according to H. P. Mickel, manager of the police and emergency communications section of the RCA Victor corporation in Camden.

Police and firemen will use the compact, portable radio, set, capable of both receiving and sending, in fighting crime and fire, he said. Possible doctors will use it to keep in constant touch with their offices or hospitals, while operators of trains, trucks, taxis or buses will utilize the sets to receive instructions from headquarters, Mickel predicted.

ABSENTEE VOTING PLAN IS PRAISED

HARRISBURG, May 5.—(INS)—Gov. Edward Martin, the General Assembly leaders of the two major parties held the commendation today of Pennsylvania Veterans of Foreign Wars for liberalizing absentee voting laws for members of the armed forces. A resolution to that effect was unanimously adopted by the department's council of administration.

WITH VICTORY GARDENERS

CHAS. G. LINDNER,
City Chairman,
State Council of Defense

DON'T JUMP THE GUN

Let's not be fooled by a few warm days and nights. A few garden-gamblers MAY jump the gun on us by a week or ten days. I say "MAY" because we can't be sure we have passed that "last frost" until the end of May rolls around. Declaration Day is the "safety-line."

It is so easy by guessing wrong, to wake up some nice, frosty morning about May 23rd or thereabouts to find ourselves confronted with the job of tearing out a lot of tender plants for no other reason than that they have been nipped to death during the night. Then—nothing to do but do the job all over again.

The small gardener should confine his present planting to a few of the "Extra Hardies" such as onion seeds, radishes, beets, peas, turnips, carrots, lettuce and New Zealand spinach.

Napoleon's belief that an army travels on its stomach is still good strategy. If it is still good strategy we must feed the seven million of our own troops and the millions in other countries we have guaranteed to help. This can not be done without the help of every one who possibly can plant a Victory Garden.

Chester Bowles, head of the OPA, recently was quoted as saying that without the four billion cans of Victory Garden produce preserved last year by our wives, the country might have been in a tight spot for canned vegetables. "Instead," he stated, "the OPA was able to lower the point values on canned vegetables. The Victory Gardens came to the rescue after the armed forces took 30 per cent of the commercial canned food supply."

This year (and this is where you gardeners come in) the military forces will require 40 per cent of commercial production. Last year there were 18 million Victory Gardens; 2 million more are called for this year. If we want point values to stay low on canned vegetables, we must grow and can more food from home gardens this year.

The WPB has prescribed a standard grade of fertilizer for Victory Gardens this year. It contains 4 percent nitrogen, 12 per cent phosphorus and 4 per cent potash. A ceiling price of \$3.70 per 100 pounds has been established for this grade. It is recommended that fertilizer be applied alongside the rows after the seeds have been planted. About one pint for fifty feet of row.

Monsoons To Halt Chance Of Japs To Take Imphal

COLOMBO, Ceylon, May 5.—(INS)—Adverse weather conditions, now slowing operations on the Kohima front in the van of expected Monsoon rains, today appeared to be wresting from the Japanese their last chance of capturing the big Indian supply base at Imphal.

The rains due to begin next week, should bring from 50 to 170 inches of rain pelting on the Burma front during the next six months. If the Japanese fail to take the town before the Monsoon begins they will have lost their chance "forever," these sources declared.

Y.M.C.A. NOTES

Conclude 1943-44 Season

The six Gra-Y clubs of the Y.M.C.A. have concluded their 1943-44 season. Six schools participated in the Gra-Y work of the local association this past year. The following schools had clubs: Rose Avenue, Thaddeus-Stevens, Croton, Oak Street, Arthur McGill, Highland Avenue.

Thaddeus-Stevens and Oak Street won this year's awards which will be presented at the first Gra-Y fall meeting.

The advisory leaders for the different clubs are as follows:

Joseph A. Hartman, principal of Arthur McGill and Highland schools was advisor for both schools. Miss M. M. Cowmeadow, advisor for Thaddeus-Stevens Gra-Y club. Miss L. Sankey, for Croton. James Dart for Rose Avenue. Miss M. M. Lindsey, for Oak Street.

The Y.M.C.A. is very happy to express its appreciation to these advisors who gave much of their time to the success of the Gra-Y work this year.

Over 200 boys participated in these six clubs. Three clubs each week enjoyed the Y.M.C.A. boys' department game room, the physical department including gym and swim programs.

The Gra-Y clubs are sponsored by the Exchange Club of New Castle, who make this work possible with the cooperation of the Y.M.C.A.

Class for Boys' Swim

Every Friday at 4:30 boys that cannot swim who are "Y" members gather at the local "Y" pool for a period of instruction in swimming under the direction of Harold Pears. 'Family Quarrel' Over 'Wolfram'

British Are Reported Irritated Over
Statement About Settlement
With SpainBy LEON PEARSON
(U.S. Staff Correspondent)

WASHINGTON, May 5.—An unhappy family quarrel developed today between the American and British governments over the troublesome question of Spain.

The British are irritated that the Americans should have laid the blame upon them for failure to get a 100 per cent stoppage of wolfgram shipments in the agreement with Spain.

The agreement, announced this week by the State department, carried a provision that Spain was still permitted to ship the small quantity of wolfgram (280 tons) to Germany during the rest of the year.

"This action was taken," the formal statement declared, "to obtain immediate settlement on the urgent request of the British government."

The statement added that, though this government would have preferred to stop shipments altogether, it must act in concert with the British allies.

The opinion was freely expressed in British circles today that this was an unportsmanlike statement, calculated to blame them for something they regard as a highly satisfactory agreement.

British officials pointed out that if a compromise had not been offered to Spain, the negotiations would have broken down completely, thus releasing not 280 tons of wolfgram, but 1,500 tons which the Germans already had bought and which was ready for export.

Therefore it was reasoned, if the State department was obliged to find a scapegoat for expected attacks in the American press, let it be some other scapegoat than the British government.

Ward Co. Seizure Probe Resolution Is Near Passage

WASHINGTON, May 5.—(INS)—The Dewey resolution creating a seven-man committee to investigate the Montgomery Ward seizure was slated for almost certain house passage today as the senate was asked to broaden its probe to cover banning of newsmen from the NLRB's Chicago hearing in the case.

Speaker Sam Rayburn said the resolution of Rep. Dewey (R) Ill., authorizing a searching investigation into seizure of the mail order firm by army troops, will be "first order of business" in the house. Its passage is generally expected.

The request that the senate look into the banning of reporters from the National Labor Relations Board's hearing was made by Sen. Bridges (R) N.H. Bridges charged the New Deal's fourth term ambitions with driving it "to desperate extremes" and contended that the administration is seeking "to hide its sins" in the Ward seizure by violating "freedom of the press."

Says OPA Now Has Practical Leaders

(International News Service)

WASHINGTON, May 5.—Sen. Allen J. Ellender (D) La., today credited partial abandonment of meat rationing to the fact that the Office of Price Administration now has "practical men" as administrators.

"The trouble with OPA rose when policies were made by teachers and professors from books instead of experience," Ellender said.

Sergt. W. D. Wright Given Promotion

Now Serving In 23rd Month Overseas; Group In Many Major Operations

15TH ARMY AIR FORCE—William D. Wright, 306 North Cascade street, New Castle, Pa., an engineering clerk in the oldest AAA fighter group, has been promoted to the rank of staff sergeant.

As a ground crewman on AAF P-38's Sgt. Wright first served with his group in England. On D day November, 1942, he landed near enemy fire with the oldest AAF fighter group on the beaches of North Africa. A few days later these ground crewmen had the AAF P-38's operating from their advanced air base, flying escort missions with heavy bombers to Tunis and Bizerte.

The group has participated in every major campaign in the Mediterranean theatre, flying 900 missions and scoring over 300 victories over enemy aircraft. During the Sicilian and Italian campaigns, they patrolled over the invading fleets and later strafed and fighter-bombed enemy troop concentrations.

Brunette Bride Inspires Schanz

Pitcher Hits Two Home Runs Shortly After Meeting Future Wife

ARM TROUBLE AN AID TO 'SAILER' BALL

NEW YORK, May 5.—Arm trouble and a brunette bride made Charles Merrill Schanz, of the Phillies, the pitching-hitting menace that he is today to the New York Giants.

"I never knew my own explosive power until I met Dorothy. I met her at lunch time, and I hit two home runs that afternoon. We were married last November. I think she has done things to me," the big fellow asserted.

But what about Rookie Charles' pitching? "I held the Giants to one hit," which was a two-run homer by Joe Medwick. What about his pitching that downed the Giants in a 12-inning game in his last previous start?

Credits Sailer "What they can't hit is my sailer. Of course I give them a triple-speeded fast ball too. But it's the sailer that gets them," the big fellow said following Tuesday's game.

While the property of the San Francisco club of the Pacific Coast League in 1942, he developed a sore arm, which a physician diagnosed as "burnitis." He was released outright to Tacoma, Wash. In '43 he was purchased by San Diego of the Coast circuit, and he won 17 and lost 18 for that club.

Essentially a fast-ball pitcher, Big Charlie experimented with "smart" deliveries in '42 and '43, while favoring his arm. He discovered that his unusual speed enabled him to throw the perfect slider—a sharp-breaking, even-keeled "out" for right-handed batters.

Relaxes Arm He also discovered that by fogging over his fast ball with three different speeds he not only confused the batters, but relaxed his arm so that the "burnitis" disappeared. He said, "until then I used to throw all fast balls; and I'd put everything I had behind every ball I threw. No wonder I had arm trouble."

Hence—of the German-Irish handle—in the green pastures of the major leagues. He is 24 years old, and a 4-F with one of his eyes, which require shatter-proof spectacles while playing.

Dorothy Is Inspiration He is a tall, powerful fellow who has blinding speed and new-found deception. In addition he's liable to knock the ball clear out of the park every time he thinks about brown-haired Dorothy. There's nothing futile about this member of the Phillies.

Umpires To Meet Saturday Evening

The first meeting of the season for the members of the Lawrence County Umpires' association will be held at the Y on Saturday night at 8 o'clock. It was announced today by President Leo W. Hill.

Just how many men will be available here this summer for handling the city league and other games is not known for sure, but the meeting Saturday will determine just what can be done about the "balls and strikes" situation.

NAVY REJECTS BOUDREAU

A fractured ankle suffered during spring training in 1940 will keep Lou Boudreau, 26-year-old manager of the Cleveland Indians, out of the armed forces. Boudreau, who is the youngest baseball manager in the big leagues, is shown taking his physical examination at a Chicago induction center where he was rejected by the Navy.

HERE AND THERE IN SPORTS LAND

"Duration" baseball clubs caught the fancy of New York fans last Sunday and 15,000 customers paid to see Homestead Grays and New York Black Yankees make their first 1944 appearance at Yankee Stadium. This turnout topped a record of 12,000 set by Satchell Paige in 1941. The Black Yankees and Grays open the Negro National league season at Forbes field, Pittsburgh, on Saturday.

One of the latest arrivals for the spring meeting at Narragansett Park is a royally bred 2-year-old chestnut colt that, in the opinion of smart horsemen, will write his name on the racing scroll of fame before the season is very far advanced. The colt is named Heats On. He is by Balladier—Court Song, she by Sir Gallahad III. He is owned by the Texas oil millionaire, W. C. Stroube who bred and raised him on the Melody Meadows Farm down at Corsicana, Texas. Heats On arrived here recently, traveling in the palatial style indulged in only by one other equine visitor to Rhode Island, Whirlaway.

Not since 1924 has a National league team won three pennants in a row, but the St. Louis Cardinals hope that vitamins will turn the trick for them. The Cards took up vitamins as part of the way of life three years ago, on the inspiration of their president, Sam Breadon. Breadon thought they'd done him so much good that their benefits should be extended to the ball players. But this year, something new has been added: the globules this year are reddish black in color; last year they were reddish brown. The new globules are also a trifle larger than the previous type. The players call them "blockbusters."

From present indications, the University of Illinois will have a 1944 football squad similar to that of 1943—a few 17-year-olds, a few men discharged from the services, some 4-F's and a sprinkling of Navy V-12 trainees.

Six Out Of Six!

George Myatt, second baseman of the Washington Nats, hits the sports headlines with a perfect day at bat, getting six out of six in a game with the Red Sox at Boston. Myatt, a former New York Giant player, came up to Nats in 1943 from Columbus.

Golfing Greats Enter Tourney

CHICAGO, May 5.—(INS)—Three of the great names of tournament golf were added today to the entry list of the \$10,000 victory national championship to be held at the Edgewater golf club from June 28 to July 2.

They were Craig Wood of Mamaroneck, N. Y., duration holder of the U. S. Canadian and Metropolitan Open titles; Byron Nelson of Toledo, O., duration masters open champ and Harold "Jug" McSpaden of Toledo, O., duration masters open champ and Harold "Jug" McSpaden of Toledo, O., duration masters open champ and Harold "Jug" McSpaden of Toledo, O., duration masters open champ.

Rich Card For Summer Golfers

Six Tournaments Already Scheduled With Nearly \$200,000 In Prizes

NEW YORK, May 5.—(INS)—Professional golfers are looking forward today to the richest summer schedule ever seen in competitive play.

Six tournaments already have been announced and six more are being planned, with the total of all 12 tournaments reaching nearly \$200,000 in prize winnings.

The string of upper-bracket events begins in Philadelphia (June 8-11) with a top prize of \$6,250 and \$17,500 in war bonds for the 21 lower-placing winners. New York is next on the list (June 15-18) with \$13,333.33 in bonds as prizes.

The Chicago victory national championship (June 30-July 2) offers \$10,000 in war bonds and Minneapolis four-ball invitation (July 6-9) holds out the lure of \$10,000 in cash and bonds. The PGA championship at Spokane, next on the schedule, will see \$36,000 in bonds or \$20,000 in cash in a long tourney extending from Aug. 14-20.

The last tourney in the current plans is the Tam O'Shanter open in Chicago, carrying a record-breaking purse of \$42,500 in bonds and the highest first prize ever known to golf—\$1,466.67 in bonds.

Max Carey Now Softball Boss

CHICAGO, May 5.—(INS)—It's a far cry from his 15 years as one of the greatest stars of the National League, but Max Carey today became manager of a girl's softball team.

President Ken Sells of the All-American Girls Professional Ball League announced the addition of Carey's signature of the circuit's managerial roster. His assignment will be made later.

Three Golf Stars Meet In England

Marotta, Yasko And Ghezzi Define Golf As Disease Not Game

TRIO SERVING AS INSTRUCTORS

ATLANTIC CITY, N. J., May 5.—(INS)—"Golf is a disease, not a game," agreed Sgt. Jimmy Marotta, Sgt. Vic Ghezzi and Pvt. Ben Yasko, former golf "pros," when they met for the first time since their induction into the army at England General Hospital's Convalescent Facility, where all are stationed as physical instructors.

Ghezzi, former National PGA champion, was pro at the Deal, N. J. Country Club. Yasko served as professional for the Lancaster, N. H. Golf Club. Marotta was with the Maplewood Country Club, White Plains, N. Y.

"How's your game?" Marotta asked Ghezzi. "I haven't played much this year," replied Vic, "but last year I played as well as I did when I won the National PGA Crown in 1940."

Aided Relief Funds

Ghezzi played in more than 25 tournament matches and exhibitions last year for the Red Cross and Army and Navy Emergency Relief. He also played in the 1942 and 1943 Ryder Cup matches, which raised a total of \$67,000 for the Red Cross.

"I couldn't get in any of those matches," complained Yasko, "because when Vic was playing I had to stay behind and take care of the job we were doing together at Fort Monmouth."

"Ben is playing a darn good game," added Ghezzi, "and so are a lot of officers at Fort Monmouth whom we taught as part of our physical instruction program."

A Big Job To Do

"Well, boys, forget your games for awhile," said Marotta. "We have a big job to do here to get these wounded men fit to return to duty. We're situated where we'll do the most good. This reconditioning program is important today with so many men being lost to the service through wounds and injuries."

"We've found that golf swings are excellent exercise for men suffering from all types of injuries because they create function in every muscle of the body."

"Sure," Jim added Ghezzi, "we know what exercise can do. Take Dick Metz when he had his auto accident. They thought he'd never walk again after he broke his ankle and leg. He kept working on golf swings, increasing the number of them each day, and eventually he was up among the top-notch players."

"How about Tommy Armour?" asked Yasko. "After he lost one eye in the last war, he played golf and improved his vision so much in his remaining eye that he was able to win many championships."

"Most doctors advise golf for improving and strengthening weak eyes," said Marotta. Following that little white ball on the green background certainly helps build stronger eyes."

All-Around Exercise

"The main thing is that it is one of the greatest all-around exercises there is," added Ghezzi. "It teaches balance, co-ordination, rhythm and trains the body, the eye, and the mind, and it's the greatest relaxation there is."

"That's why we're here. We have to help get these men back into the fight as soon as possible," declared Marotta. "We'll make them forget their troubles just like any golfer does when he's out on the golf course."

"You mean unless you're playing badly, then all you want to do is go home," said Yasko.

"Let's not go into that," concluded Ghezzi, "that's bad for morale."

RESIGNS AT MONACA

Stanley Berkman has resigned as basketball coach at Monaca high school. He has signed as physical instructor at Wilkesburg high.

Horse Trainers Are Hoping For Muddy Track

By LAWTON CARVER (International News Service Staff Writer)

LOUISVILLE, Ky., May 5.—This is probably the only place in the world outside of an alligator farm where a number of otherwise rational citizens will walk out into the street tomorrow hoping that they will get grenched and that they will have to slough around from place to place in mud up to their hips.

They want the rain to keep coming down on Churchill Downs so the racing strip will be thoroughly saturated and dotted with puddles. They want mud. At the moment they've got it.

These are the horse-trainers looking ahead to the running of what may be the richest Kentucky Derby of them all on Saturday.

There are a peculiar and distinct breed made up of all shapes and sizes from the little ones who started as jockeys, such as Earl Sande, to the big, bulky ones like G. D. Cameron who trained last year's derby winner, Count Fleet.

Record Purse

Some are plain fellows like Ben Jones, who handles the rich Calumet stable. Others range from the dapper to the disheveled. From the comparatively rich to the utterly poor.

Anyway, most of them handling horses in Saturday's derby have at least one thing in common. They want it to be muddy. That's where they figure their horses will have the best chance in the zoo.

The standard exception to this particular trend is John Gaver, handler of Stir Up the Green tree stable's short-priced red hot choice to take the big end of a purse that will aggregate more than \$85,000. If they get as many as 16 starters the money will be a record for the event.

Rockwood Boy, American Eagle, Skytrac, Autocrat, Diavolew, Gay Bit, Challenge Me and possibly one or two more will be moved up by mud. Besides Stir Up, there are others in there which will take the track any way it comes, among them being Bell Buzzer, Alotter, Pensive, Brief Stride and Broadcloth.

Jockeys Favor Stir Up

Under the circumstances, the probable winner can be best tabbed by figuring up racing luck, adding that to the one likely to go best in gumbo, adding comparative values of the jockeys and subtracting all from fate or fortune, or whatever you choose to call it.

I can give you a cross section of the derby jockeys' opinion. They all favor Stir Up, with the exception of two or three die-hards who give such as Skytrac, Alotter and Broadcloth a chance.

However, it will be a wide open race for everything back of first place. That's a certainty. And, with the breaks, some of those capable of taking second or third might wind up in the payoff spot, even ahead of Stir Up.

Sandlot Ball Will Flourish

WICHITA, Kas., May 5.—(INS)—Next Sunday is national semi-pro baseball day and Ray Dumont, National Baseball Congress president, estimated today that 50,000 sandlot teams will celebrate the occasion by playing games in their respective localities.

Of these, a total of 1,536 will be certified in 48 sanctioned state tournaments, the first of which, the Washington state play-off, will start July 1 in Seattle.

Team entries for the tournaments, Dumont said, will be accepted thru state commissioners next Monday following Sunday's opening games. About 40 per cent will represent service nines.

Constantino Will Meet Billy Miller

PITTSBURGH, May 5.—(INS)—New York's Lulu Constantino today was scheduled to meet Lawrenceville's Billy Miller May 22 in the featured 10-rounder in the first outdoor boxing show of the season at Forbes field.

In his last bout against Miller, the class New Yorker came out on the short end of an unpopular decision. Miller has a victory string of 26 straight.

In another 10-rounder, former light-heavyweight champion, Corp Melio Bettina, faces Detroit's clowning John D. Vorce.

Belated Reports Indicate Bergen Blast Terrific

Nearly Half Of Buildings In City
Destroyed; 4200 Killed Or
Injured

LONDON, May 5.—(INS)—Reports reaching the Norwegian information service from Nazi-held Bergen today indicated that the explosion of a German ammunition ship in that city's harbor April 20 was the worst disaster of its kind ever to strike the nation. Nearly half of the city's 9,000 to 10,000 buildings, including homes, were reported damaged and at least 4,200 persons killed or injured.

The roundabout reports said that 130 bodies already have been identified, with the total death list expected to reach 200 or more. A minimum of 500 persons still remain in hospitals; 60 were totally blinded; 3,700 were injured less seriously, and 400 of these received treatment for eye injuries.

To quell the fires which followed the blast, equipment was rushed from other communities, while authorities were forced to make emergency housing arrangements "elsewhere" for residents whose homes were among the 4,000 or more buildings damaged.

Daily Prayer Center Is Open

Opening the prayer center in First Baptist church, the first noon service was held today between 12 and one o'clock. The service today inaugurated a daily service of prayer incident to the coming invasion which is open to all the people. There is no formal program, a few hymns are sung, prayers are offered and people may come and go as they please.

Today's service was in charge of Rev. Thomas J. Jones, pastor of First Congregational church and president of the New Castle Ministerial association. Other pastors will have charge upon succeeding days.

Stork Misreads Actor's Script

PHILADELPHIA, May 5.—(INS)—The stork misread the script but he didn't miss his cue in the annual variety show staged by the 15,000 workers of the Aca Victor company.

Shortly before last night's curtain went up Young got a telephone call informing him that his wife had given birth to his second child—but the stork doublecrossed the script writers. It was a girl.

Aviation Gasoline Supply All Going For Armed Forces

WASHINGTON, May 5.—(INS)—Petroleum administration officials disclosed today that Army and Navy air training programs have been restricted in some phases by the shortage of 100-octane aviation gasoline despite record production of this fuel.

Output of the high quality gasoline expanded tremendously since Pearl Harbor and still rising, reached a total of approximately 400,000 barrels a day on May 1, but virtually the entire supply is being sent to combat areas.

"Nobody is operating without 100-octane fuel where there is shooting going on," one official stated. "The military combat requirements are being met fully."

As a result of heavy combat demands, 91-octane gasoline has been substituted to a considerable extent for Army and Navy flying at home. Officials pointed out that this step involved no hazard to flying, although training had to be restricted to a certain degree.

D-Day Date Has Britain Guessing

Thousands Are Wagering Shillings
And Pounds On Possible
Date

By WILLIAM W. WADE
(U.S. Staff Correspondent)

LONDON, May 5.—Although there is only a fistful of tight-lipped men in Britain who know the date of the coming invasion, millions today still are guessing and backing their guesses with shillings and pounds.

It's a sad and unfriendly British pastime that doesn't make an invasion pool and a lovely Englishman who doesn't have at least a "couple of bob" on some date plucked from a bowler hat.

The same spirit which makes greyhound racing almost a wartime necessity and brings huge, unwieldy crowds to the brief horse racing meets has gripped the country regarding this, the greatest suspense-filled mystery of them all.

Newspaper cartoons have caught the fever and turned it into something of a national joke. One depicted a forlorn gentleman sitting morosely on a pub stool while the pub keeper tells a questioning customer "he hasn't any invasion date."

The more conventional agencies have left the invasion business strictly alone. Lloyds' shills quoting odds on such hypothetical risks as D-day and the end of the war.

Serious or not, the British public is still willing to make a bet on the date of the great beginning. No one, however, is betting on the outcome.

There can only be one outcome.

Postwar Planning Heard By Committee

Post-war planning was discussed Friday night, May 4, by Michael Baker of the Baker Engineering company, a talk to the members of the civic affairs committee of the Greater New Castle association. The meeting was held in The Castleton hotel.

Mr. Baker told of surveys that had been conducted in other communities and suggested that the time for such surveys was now if the plans were to be put into effect immediately after the war. Present were county commissioners, city councilmen, school directors and members of the committee.

STOCK MARKET IS IRREGULAR

Some Scattered Stocks Manage To Show Minor Gains During Morning

NEW YORK, May 5.—(INS)—Stocks were irregular today. A few important stocks scattered through the list managed to show minor gains, but they were few and far between.

Adding to the narrow pattern was the fact that volume continued dull. Slight advances continued to attract profit-taking and conversely, sell-offs were soon followed by rallies.

Rails were practically all higher with Union Pacific leading the group with a rise of 3-4 point and Atchafalaya, 1-4. Others moved upward eighth and quarters.

Liquors again held the limelight. Park & Tilford opened at a new high of 89 1/2, up 3-4 and then marched ahead to 91 7/8. Austin Nichols common and "A" were in demand at fractionally higher prices. Schenley was quiet.

Among pivotal shares, Chrysler was 1-4 higher, General Motors 1-8. U. S. Steel was barely higher, but Bethlehem, ex-dividend \$1.50 was, in addition 1-4 point lower.
